

Mohta Cement Private Limited

Contact@mohtacement.net

We are a renowned manufacturer and supplier of Green Building Construction Materials. The entire range of products is acclaimed for its durability, unmatched performance and cost effectiveness.

About Us

Incorporated in the year **1984**, we, “**Mohta Cement Pvt. Ltd.**”, are a well-known manufacturer and supplier of **Construction Materials**. In addition, we also distribute extensive range of Wall Panels to our esteemed clients. We have developed a strong credibility in the industry due to our superior quality products. These products are widely demanded in the market for their attributes such as superior performance, longer functional life and authentic quality. We are a limited liability (privately held) firm, which is placed at Indore, (Madhya Pradesh, India).

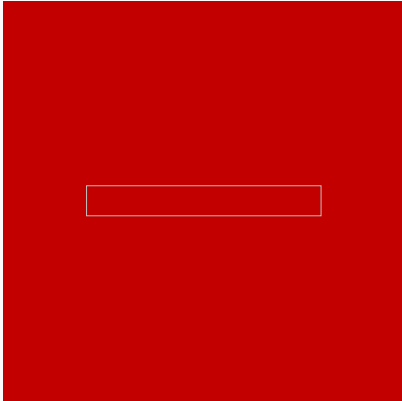

We have recruited a adept team of professionals to manage and execute all the business related operations and activities. Our team of immense expertise perform their assigned task effectively and efficiently. Moreover, the firm is well backed by state-of-the-art infrastructure which is equipped with all the high-tech machines and equipment required in the production process. Owing to our infrastructure facility, we have carved a niche in the market by offering wide range of quality approved products. All our range is BIS approved and certified under the National Council of Building Material. The wall panels, we offer to our clients are import from Everest and Fujian Hairong New Building Materials Co., Ltd.

Enjoy Green life with Eco Friendly construction and save our natural resources such as clay, sand, water and coal. With our new age green building material, Accelerate...
