Note : Color shown are as accurate as the limitation of the printing process will allow. Prospective customers are advised to inspect a sample of the tile before ordering. Every effort has been made to ensure the accuracy of the information given. However, the company reserves the right to change the specifications without prior notice. Sometime variations in shade or size being inherent to ceramic industry may occur. Before fixing, we advise you to follow the fixing instructions on the cartons of the tiles as no responsibility can be accepted by the company once the tiles have been fixed.

### LAYING INSTRUCTION

Please read the following Instructions before Laying the Tiles

- Variation in shade, color & pattern is natural features of ceramics, therefore we are advised you to purchase sufficient tiles at one time to complete the job.
- First of all, before opening the boxes of tiles, please check manufacturing date, design name, color tone and batch. We advise to use the material having same batch and same date in a single date in a single room.
- Please check the level of the prepared bed.
- Slope should be given on the surface on which tiles are to be fixed for water preparing flow at the time of mortar bed. The mortar bed or surface on which tiles are to be fixed should be fine, smooth, dirt free & dust to avoid contamination.
- Ceramic / Vitrified tiles have inherent property of color variation. So before laying please follow the instruction as below.
  - First of all, lay the tiles in room without applying cement mortar and observe the tiles for color tone & if some tiles does not match with others for color or size, please remove this and use for skirting purpose.
  - Please lay all tiles in such a way that "arrow behind the tiles" of "symbol of tiles" should remain in one direction in whole room.
  - To add beauty on the laid surface, gap of 3 to 4 mm spacers can be kept between to tiles.
  - Please fillup the joints between 2 tiles after 24 hours of lying.
  - After finishing the joint filling wipe out of excess grout with a damp sponge and polish the tiles with a soft and dry cloth for a clean surface. The tiles can also be clean by mild acid.
- Allow 3 to 4 days for bed drying.
- Before doing cement or furniture work on laid tiles, we advise to plain plastic (without printed) with POP coating on it.
- We appreciate your suggestions & views regarding the design, shade & color of tiles
- Good suggestion & customer satisfaction will helpful to us making your home flooring a thing of beauty & pride.
- Company cannot entertain any complain after laying the tiles.
