ABOUT US

AA Construction is backed by promoters with vast experience in the field of construction. We have evolved into corporate entity over years. Since then the company has changed the skyline of Chennai, with passion for unique architectural concepts and offer citizens a sophisticated work environment with modern standard of living..

Over the years, we have created a distinctive mark on the skyline of Chennai and its people, as a leading real estate developer. At present we have great projects on hand (completed/work-in-progress) for construction of individual buildings at various places in the city. Our projects are acclaimed as best by our clients since we do not compromise on quality and the buildings are strictly designed as per Vasthu combined with modern comforts. Our technical team of Engineers and Architects are very reputed in their field of knowledge and Civil work is handled by highly skilled and dedicated team of workers to always maintain a high standards in quality of work. We have well experienced team of Engineers to implement the projects with competent back office personnel to support operations.

Our Vision

We are dedicated to providing our clients complete satisfaction through a wide range of products, professional assistance and advanced information tools necessary to give them the most advantageous position in the market possible.

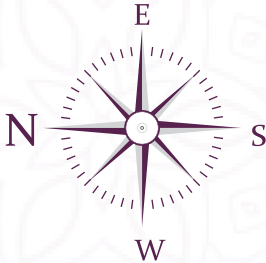

We strive hard to be a “One Stop Shop for ALL Real Estate Solutions” of our clients.
