Luna Deluxe 2600

1001

Luna Series swings combine comfort, elegance and grandeur. 5-way reclining bench, footrests, soft-feel fabric and plump cushions come as standard with Luna. The main frame is made from massive Africa's exotic Iroko timber. Italian OECE teak oil is being used for extra protection of the wood. The bench is made from Larex, superior in horizontal resistivity compared to iroko hence proves to be an excellent choice for bench-making. Italian exterior water-based colorant is applied to give a modern look.

It is available in one size only as a 2 meters seater.

Luca Classic 1650
1800

Luca Series swings carry the simple and clean lines of our modern Luna-frame with more contemporary touches to fit the needs and likes of new and young consumers. It comes only in smaller sizes of single and twin to suit smaller gardens, terraces and balconies. In addition to a model with natural wood colour choice, a selection of trendy colours are also available with Luca. The natural look and feel of wood texture is not lost as the coat is a transparent paint that also penetrates into the wood and protects the wood from the elements. The main frame and bench is made from Nordic pine timber and for extra durability in its form, it has been glue-laminated. The cushions are made from specially certified outdoor fabrics and are water, UV, mould and dirt resistant.
