Who We are

Plyspace is a private limited interior and fit-out company based in Trichy with a noble history built on quality and integrity. We are proud of our longevity and have served more than 100+ clients across the nation successfully.

We strive to make a difference with our work that can be measured not just in the quality that we offer in every project, but the long-lasting impact on the ecosystem and communities.

With a diverse portfolio spanning the residential, commercial, retail, healthcare, educational, corporate, exhibition, and hospitality sectors, we have established ourselves as one of the most dependable service providers over the years.

We have also developed top-notch workspaces for those who occupy these sectors across the nation. Being able to create the corresponding drawings in-house for our design, joinery puts us in a highly advantageous position. This gives us the ability to keep total control over both the program's execution and its quality requirements.

Why choose us

Experience and expertise to deliver complex fit-out and refurbishment projects.
