Who We Are

Established in 2008, "Metaltech Engineering" are one of the prominent manufacturer and supplier of Laser components like Brackets, Drawers, Clamps and Fabricated Auto Parts. Our range includes L Brackets, Angle Brackets, Corner Brackets, F Brackets, Corner Bracket, Metal Cantilever Brackets, Gearbox Covers, Brake Lever, Accelerator Pedals, Fabricated Tower Parts, Pedestal Drawers, Holding Clamps, Automobile Pedals and Complete lift parts including cabin in all over INDIA.

These products are manufactured using high grade raw material, which is procured from the reliable vendors of the market. In addition to this, a quality testing unit is established by us to check the products before the final delivery. Our entire range is known for its sturdy construction, accurate dimension, perfect finish, high strength and durability. Clients are avail these products in customized forms as per their requirement. We are looking for queries from all over INDIA.

We have established a state-of-the-art of infrastructure unit, which is spread across a wide area. In order to carry out all the business related activities in a proper manner, we have divided our infrastructure into various departments. A team of experts is appointed by us to look after the activities of our infrastructure. These professionals make sure that the products are offered in compliance with the requirement of the customers. They also ensure the products are delivered to the customers within the stipulated period of time. For this, we have established a large warehouse unit, which is well-connected with roads. Owing to our timely delivery and quality assured products, we have been able to serve a huge clientele across the Nation.

Under the able guidance of our CEO "Mr. Md. Iqbal R. Sheikh". Our CEO having 30+ years of experience of sheet metal work & tool room. His constant motivation and leadership skills have enabled us to gain the trust of our customers.

Our Objective & Vision

Objective: We ride with our customers & apply this relationship to move the company in the intended direction of growth.

Vision: We always wants to work for customer belief & satisfaction. They challenge us, we make it possible at any level, which develops deep connection between both for better future.
