## ABOUT US

" OPTIMIZING PERFORMANCE
TO DELIVER RESULT "

Global Control System is the leading manufacturer of panel board / switch board products, providing features, ratings & performance that consistently meet the needs of industries, specifiers, consultants & Contractors. GCS Make high quality LT Panels,

### PRODUCT RANGE:-

GCS Leading Manufacturing of complete range of following.

- HT Panels
- LT Panels
- PCC Panels
- MCC Panels, AHU Panels
- Distribution Piller
- Feeder Piller
- Synchronizing Panels
- AMF Panels, ATS Panels
- APFC Panels, PLC Panels
- AC/DC Drive Panels
- Automation Panels

### EMPOWERING WITH ADVANCE FRAME WORK :-

Products with Consistent quality are ensured by state - of - the - art machines Include CNC Shearing and CNC Press brakes, we are commited to design & Mancufacture Control Panel to

## ENGINEERING & DESIGNING :

We have a strong design cell which is equiped with latest facilities of design and development, Autocad System has been istalled to assist the team of well-qualigied engineers to design panels confirming.
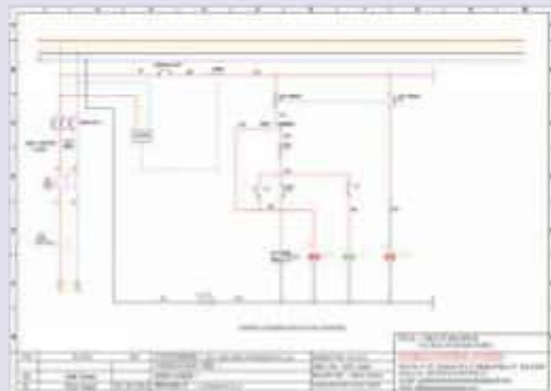

## TESTING:

The following tests shall be carried out in presence of your representative.

- Operational and functional tests
- Insulation test using I KV megger
- H.V. test of 2.5 K.V. for one minute
- Load test up to rated current with loading transformer

## QUALITY & INSPECTION :-

GCS Inspection cell is well equipped with the latest inspection techniques, that ensure the panel is thoroughly inspected & tested at all different stages of manufacturing to ensure our Quality.

## AFTER SALES SERVICES & TECHNICAL ASSISTANCE :-

GCS has the ability to Provide a comprehensive range of services and technical assistance. A designated and competent technician is available at short notice to attend at either the Installed equipment site or on individual location throughout India. We backup our technicians in their function by the support and advisory capabilities.
