PROFILE About Us

MOHAN INDUSTRIES was founded in 2011 by Mr. Nitin Panchal, an eminent entrepreneur. The company was started from a very small workshop with 5 people. Today, it has core competency in all projects covering all disciplines of engineering, viz., electrical, civil, structural, architectural, mechanical, construction, chemical, environmental, controls & instrumentation.

Today, MOHAN INDUSTRIES is a brand name in the manufacturing of hot dip galvanized items like foundation bolts and poles which reflects the confidence and satisfaction that our valued clients have reposed in the services that our company has provided over the years for a large number of projects all over the country.

We are the one of the leading manufacturers and suppliers of a wide range of electric products like hot dip galvanized foundation bolts and poles & other accessories that include: High Mast Poles, Octagonal Poles, Decorative Poles, Swaged Poles & Bracket Design, Commercial & Decorative poles. As well as in the Pipe line fittings like Pipes, pipe coupling sleeve, adaptors, flanges & puddle flanges and all type of fabrication work. The entire range of equipment is manufactured using superior quality raw material and ensures reliability. These products are extensively used in Power, Electrical and Construction sectors.

Trust Us

We are committed to provide complete customer satisfaction when it comes to the quality, performance, timely delivery and prices of our products. The products we manufacture are tested at each step and procured from reliable vendors. We are continuously progressing with the help of our dynamic and diverse team of professionals, who are the best in their fields. We have a vast infrastructure that is well equipped with the sophisticated machines and latest technology to meet the bulk requirements of clients within the set time frame.

The factors that have made us most preferable in the market are:

- Cutting edge manufacturing technology
- State-of-the-art infrastructure
- Client centric approach
- Industry leading prices
- Timely delivery
- Respect the faith of our client

Our Team

Our team is our greatest resource. Our ability to deliver outstanding products and services to our clients is a credit to their hardwork. Owing to the dedicated efforts of the team of qualified professionals and diligent personnel, we always meet the targets and goals set by our organization. They possess profound and intense depth of knowledge in their respective fields. Therefore, we have been successful in offering a flawless and durable range of products to the customers.

Our team comprises of:

- Electrical and mechanical engineers
- Quality controllers
- R & D analysts
- Sales and marketing executives
- Skilled and semi-skilled workers
- Technicians
- Warehouse experts
- Management
