INTRODUCTION

Having vast Experience since 1990 in this domain, We "**KRISHNA INSULATIONS & ENGINEERS PRIVATE LIMITED**" are an ISO 9001:2008 certified involved in manufacturer, supplier & service provider of a broad range of PUF Pipe Sections, PUF Sandwich Panel, PUF Pipe Support and allied Insulation Products. All the products made available by us are manufactured using premium quality raw material & components, procured from renowned vendors in the market. Further, owing to their efficient insulation properties, ability to withstand harsh temperature and having excellent dimensional stability, these products are widely used in number of cold storage, telecom and automobile industries.

We have developed a vast infrastructure facility that comprises high-end techniques, which are manned by a team of experienced professionals. With the presence of these two aspects, we are able to meet the specific needs of the customers within the committed time line.

Our quality assured offerings are widely applicable in industrial sector owing to their efficient performance, maximum output and easy maintenance. We are also known as "Engineer & Contractor Specialist" in the field of Thermal Hydro, Cold, Roof and Acoustic Insulation in all types of Cold storage Ceiling Works.

Over the years, our R&D specialists are being engaged in introducing innovative and improved methodologies in our business process. With our firm determination and hard work our customized range of has acquired a huge clientele in regions across Middle East and South East Asian markets. Under the guidance of our mentor, "Mr. Sandeep Patel", we have been able to create an appreciable market presence. It is his charismatic leadership qualities and domain expertise that motivates us to move towards achieving our organizational goals and objectives.

OUR TEAM

Hired by us is a team of adroit professionals, which is proficient in handling all the functions of our business operations. Well-versed with latest techniques, the production team with the assistance of R&D experts is able to bring forth an innovative and quality approved range of PUF Pipes, Sections & Slabs, Storage Tank and allied Insulation Products. The quality auditing team helps in eliminating all the flaws from the product range.

Further, in order to keep our team well aware about the changing global market standards and clients specifications, we organize special training sessions for them.

Our team comprises the following team members

Management Members

Designing Engineers

Machine Operators

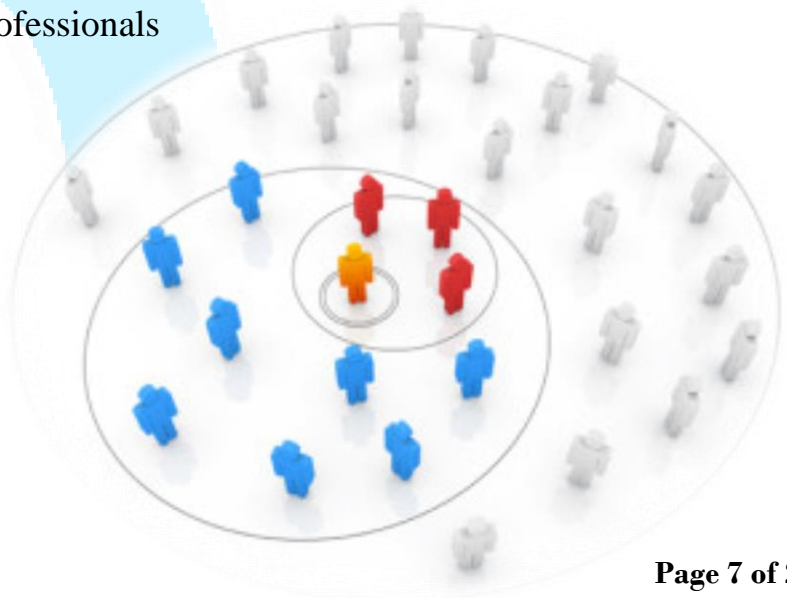

Quality Controller

Sales and Marketing professionals

R&D Experts

MISSION

 For the past 25 years, A+ Insulation has been dedicated to delivering excellent service to Mission, by KIEPL.

 We want to make sure that all of our customers are happy with their Insulation.

 We provide insulation with high quality, optimum costing and at possible quick time.

 Provide better and efficient service up to long

 To maintain market leadership in India in Insulation products and its reputation for consistent quality and customer service.

VISION

The KIEPL Company will inspire its employees to be the best they can be. We will engage in sustainable practices and anticipate the needs of our customers. We will maximize satisfaction of our customer by maintaining quality in our products with the growth of the organisation and its employee.

APPLICATION AREA

Our firm has been established as an eminent manufacturer, supplier and exporter of varied PUF Pipe Sections & Slabs, Storage tanks and allied Insulation Products. Possessed with qualitative attributes like CFC free insulation, dust free ceiling and dimensional accuracy, our products have acquired a huge clientele in the market. Moreover, available with customized solutions on the basis of sizes, densities and thickness.

INDUSTRIES	USAGE
COLD STORAGE	Insulation of all type of cold storage facilities for Fruits & vegetable, Meat Poultry, Perishable commodities
PHARMACEUTICAL	Clean Rooms, Operation Theatres, Dispensaries
FOOD PROCESSING	Manufacturing area, Packing area, Raw material storage, Finished material storage, QC & R&D Drying chambers
AUTOMOBILE	Manufacturing, Classified dust free zones, Mobile van, Paint booth.
TELECOM	Telecom shelter and Huts atop buildings
INDUSTRIAL & COMMERCIAL BUILDING	Interior partition, Wall panelling, Roofing and Ceiling, Bunk house, Labour colony, Portable toilet
RETAIL	Ice cream storage, Fruits & Vegetable storage, Dairy Products storage.
OTHER	Blast Freeze and tunnel freezer, Porta cabin, Porta toilet, Prefab Buildings, Site offices, false Ceiling, Return air boxing, Refrigerator van, Site Office

PRODUCTS & SERVICES

INSULATION PRODUCTS

We are a distinguished firm engaged in manufacturing & supplying a broad array of PUF Pipe Sections & Slabs, Storage Tanks and allied Insulation Products. We also deals in shielded room, shielded enclosure, Rockwool panel, Insulation panel, Mineral wool panel, L.R.B panel, acoustic panel, soundproof panel etc. These products are widely appreciated for their brilliant insulation properties and longer service life. Our offered range is available with customized solutions. These products can be availed by the clients at affordable prices. The detailed overview of our complete range is given below:

POLYURETHANE FOAM PUF **PANELS**

We are the manufacturer, supplier and exporter of polyurethane foam PUF panels. Size of the panel is as per the requirement of the customer up to our plant capacity.

CO₂ TANK PUF INSULATION

We are a leading Manufacturer & Supplier of CO₂ Tank with PUF insulation such as Industrial CO₂ Tank, CO₂ Storage Tank Insulation, CO₂ Storage Tank and CO₂ Storage Tank.

We are offering CO₂ Storage Tank Insulation that is manufactured using excellent quality raw material and with the aid of modern technology.

Features

- Suitable for underwater applications
- Corrosion resistant
- Durable

Usage

- ✓ Paintball
- ✓ Diving
- ✓ Respiration

CO₂ STORAGE TANK INSULATION

Specifications

- ✓ Working pressure: 15MPa to 20MPa
- ✓ Water capacity: From 0.5L to 20L
- ✓ As per Requirement

INDUSTRIAL CO₂ TANK

Specifications

- ✓ Working pressure: 15MPa to 20MPa
- ✓ Water capacity: From 0.5L to 20L
- ✓ As per Requirement

We are engaged in offering a vast gamut of Industrial CO₂ Tank that is manufactured using excellent quality raw material and with the aid of modern technology. These CO₂ Tanks can be specified as per the requirement of the clients.

Features

- Withstand high pressure
- Large volumetric capacity
- Longer functional life

Usage

- ✓ Paintball
- ✓ Diving
- ✓ Respiration

COMPANY PROFILE

KRISHNA INSULATIONS & ENGINEERS PVT LTD

We offering Insulation of Industrial CO₂ Storage Tank that is manufactured using excellent quality raw material and with the aid of modern technology.

Features

- Dimensional accuracy
- Leakage free
- Rust resistance

Usage

- ✓ Paintball
- ✓ Diving
- ✓ Respiration

CO₂ STORAGE TANK

Specifications

- ✓ Working pressure: 15MPa to 20MPa
- ✓ Water capacity: From 0.5L to 20L
- ✓ As per Requirement

CO₂ STORAGE TANK

We supply of Liquid carbon-dioxide storage tank used For storage of liquidCO₂. These tanks are Equipped with safety fittings, valves, and other accessories.

Features

- Sturdy construction
- Resistance to corrosion
- Leak proof

Specifications

- ✓ Capacity: 50,000L
- ✓ Max. working pressure: 2.2MPa
- ✓ As per Requirement

PUF SANDWICH PANEL

Leading Manufacturer and Supplier of PUF Sandwich Panel such as Corner PUF Sandwich Panel, Heavy Duty PUF Pipe, PUF Pipe Supports, PUF Insulation Pipe Section and Dual Insulation PUF Pipe Section from Vadodara.

PUF SANDWICH PANEL

Specifications

- ✓ Thickness available (mm) :
25,40, 50, 60, 80, 100, 120, 150
- ✓ As per requirement

We offer following types of panels

- ✓ Walls
- ✓ Floors
- ✓ Ceilings Panel
- ✓ Doors
- ✓ Windows Panel
- ✓ Corner Panel and Tee section
- ✓ Corrugated Roof PUF panel
- ✓ Cam Lock system panel

Features

- Heavy load bearing capacity
- Optimal thickness
- Corrosion resistance

By a team of experts, we bring forth a comprehensive range of Corner PUF Sandwich Panel. Manufactured using quality raw material and latest techniques, these panels' exhibit excellent features like durability.

Features

- Easy to use
- Easy installation
- Factory tested load

CORNER PUF SANDWICH PANEL

Specifications

- ✓ Length: Up to 6mtr.
- ✓ Width: Up to 1.2mtr
- ✓ Thickness: 25mm to 150mm

COMPANY PROFILE

KRISHNA INSULATIONS & ENGINEERS PVT LTD

HEAVY DUTY PUF PIPE SUPPORT

We are one of the well-known manufacturers, exporters, suppliers, distributors, wholesalers and traders of Heavy Duty PUF Pipe support.

Features

- Strong construct
- Easy to install
- Durable

Specifications

- ✓ As per Requirement

Being a quality oriented organization; we are engaged in providing a quality assured range of PUF Pipe Supports. These are engineered under the firm direction of expert quality controllers. Our offered range of PUF Pipe Supports is highly acclaimed among our clients.

Features

- Quality assured
- Thrifty prices
- Low in price

PUF PIPE SUPPORTS

Specifications

- ✓ As per Requirement

INSULATED ROOFING PANELS

We are the manufacturer, supplier and exporter of Insulated roofing panels.

Specifications

- ✓ As per Requirement

COMPANY PROFILE
KRISHNA INSULATIONS & ENGINEERS PVT LTD

**POLYURETHANE SANDWICH
PANELS**

**ALL PANELS ARE MANUFACTURE AS PER REQUIREMENT OF
CUSTOMERS**

COMPANY PROFILE

KRISHNA INSULATIONS & ENGINEERS PVT LTD

PRE-CLADDED PUF PIPE SECTION

We are engaged in manufacturing and exporting a wide range of Pre-Cladded PUF Pipe Section. These are provided with coating of craft paper or aluminium foil and can be availed bare as well. Our range is available at industry's most leading and reasonable rate.

Features

- Load bear ability
- Easy to fix and install
- Long lasting service

Specification

- ✓ Density: 36 Kg/m³ and above
- ✓ Thickness: 25mm
- ✓ Length: 1000mm
- ✓ Applicable inner diameter: 18-1026mm
- ✓ Thermal Conductivity: $\leq 0.04\text{W/m}$.
- ✓ Modification in current product is possible as per requirement.

ITEM CODE: PPS01

ITEM CODE: PPS09

Features

- Strong construct
- Quick fitment and installation
- Longer functional life

Specification

- ✓ Density: 38 kg/m³
- ✓ Thickness: 25mm to 150mm
- ✓ Length: 1000mm
- ✓ Applicable inner diameter: 18-1026mm
- ✓ Thermal Conductivity: $\leq 0.04\text{W/m } ^\circ\text{k}$
- ✓ Applicable Temperature: -120~(+350°C)
- ✓ Moisture Proof: $\geq 98.5\%$
- ✓ Modification in current product is possible as per requirement.

COMPANY PROFILE

KRISHNA INSULATIONS & ENGINEERS PVT LTD

Features

- Accurate composition
- Superior performance
- Excellent thermal

Specifications

- ✓ Pipe Size: 1/4" to 24"
- ✓ Thickness: 25mm and above
- ✓ Length: 1000mm
- ✓ Density: 36 kg/m³ and above
- ✓ Modification in current product is possible as per requirement.

ITEM CODE: PPS03

ITEM CODE: PPS04

Features

- Moisture resistant
- Water resistant
- Thermal insulation

Specification

- ✓ Thickness: 20mm to 150mm
- ✓ Density: 36kg/m³ and above
- ✓ Modification in current product is possible as per requirement.

Features

- Optimal thickness
- Optimal heat transfer
- Durable

Specification

- ✓ Close cell content of over 90%
- ✓ Length: 1m
- ✓ Thickness: 25 mm to 100 mm

ITEM CODE: PPS05

COMPANY PROFILE

KRISHNA INSULATIONS & ENGINEERS PVT LTD

PUF PIPE SECTIONS & SLAB

Features

- Optimal heat retention and transfer
- Dimensional accuracy

Specifications

- ✓ Thickness: 25mm to 150mm
- ✓ Density: 36 to 40kg/m³
- ✓ 1mm FRP thick laminated pipe section
- ✓ Inbuilt 0.5mm thick aluminium cladding PUF pipe section

ITEM CODE: PPS07

ITEM CODE: PPS08

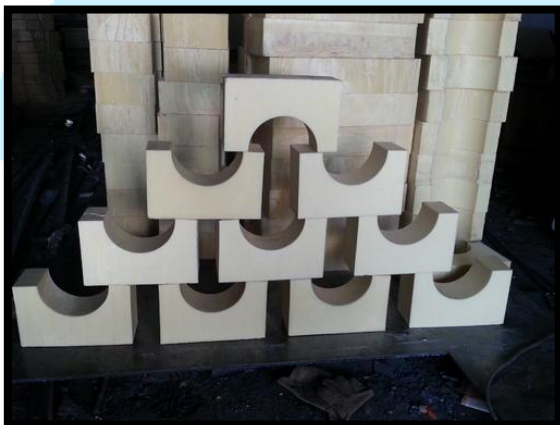

PUF PIPE SUPPORT

Features

- Optimal thickness
- Optimal molecular density
- Longer service life

Specifications

- ✓ Pipe Size: 1/4" to 24"
- ✓ Thickness: 25 mm and above
- ✓ Length: 25 mm and above
- ✓ Density: 100 kg/m³ to 500kg/m³

Specifications

- ✓ As per Requirement.

COLD SUPPORT

In the market, customers prefer to purchase quality products so we are involved in offering best quality of Cold Support. This Cold Support is appreciated among the customers due to its quality.

Features

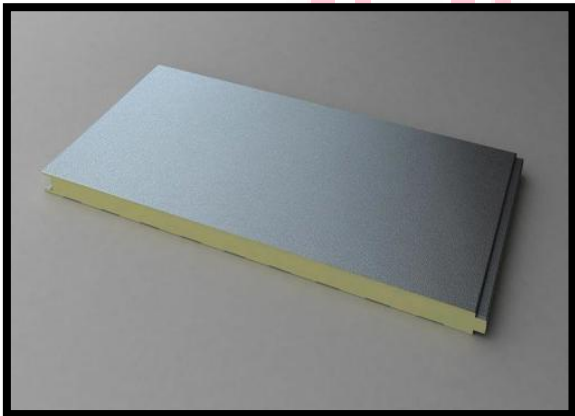

- Optimal insulation
- Appropriate thickness
- Longer functional life

COMPANY PROFILE

KRISHNA INSULATIONS & ENGINEERS PVT LTD

PUF SLABS

We are manufacturer and supplier of PUF slabs as per requirement of the customer.

PIR PANEL

We are the Leading manufacturer and supplier of PIR panel as per requirement of the customer.

DUAL INSULATION SERVICES

Features

- Krishna Insulations manufacture all above mentioned product with polyisocyanurate (PIR) suitable for dual insulation
- All over the world preferred for the application for its fire extinguishing & fire retardant properties
- Outstanding moisture resistance
- Maintain a firm density
- Firm mechanism provide good compressive strength
- Exhibit good biological properties

Specification

- ✓ Exceptional thermal insulation performance in low as well as high temperature -70°C to +130°C

COLD ROOM

We are the Leading manufacturer and supplier of Cold room as per customer specification and requirement.

CLEAN ROOM DOOR

INSULATED DOOR

CHILLER ROOM

PANEL FOAMS

COMPANY PROFILE

KRISHNA INSULATIONS & ENGINEERS PVT LTD

ROOFING SHEET FOAMS

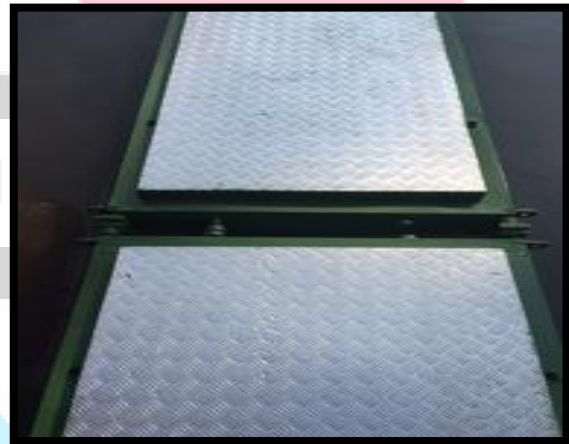

RIGID PU FOAM

FLOATING FOOT BRIDGE

We are the manufacturer , supplier and expoter of floating foot bridge as per customer specification and requirment.

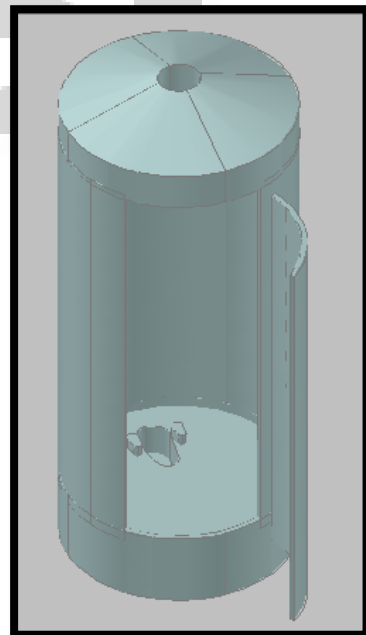

PORTABLE CABIN AND PORATABLE TOILET

Our portable cabin and toilets have many innovative features. Because the cabin and toilet is compact, lightweight and easy to use, the Portable cabin and Toilet is often used in construction site, caravans, mobile homes, boats, folding trailers and even summer cottages. They can also come in handy during house renovations or simply for use as a second home and toilet. WE make Portable cabin and Toilet from high quality material that can withstand against Rain, Wind, and Sunlight for long period of time without maintenance.

ADVANTAGES OF THE PORTABLE CABIN AND TOILET

- ✓ Just lift and shift to other place
- ✓ Excellent quality achieved through better material selection
- ✓ Durable and practical in use
- ✓ Innovative designer cabin toilet
- ✓ Lightweight, high quality material
- ✓ Overhead water tank provide more comfort
- ✓ Best design so required less space for installation
- ✓ Very affordable price against facility
- ✓ Water supply lines are provided, with or without water storage facility
- ✓ Can repair anytime and anywhere in case of damage
- ✓ 100% earthquake proof & water resistance
- ✓ Provided as per size and specification provided by the customer.

We also provide fabrication work as per the requirement of the customer.
