Turning ideas into reality

**DML** ENGINEERS

**MANUFACTURER OF FERMENTER,  
REACTOR, HEAT - EXCHANGER,  
SAND MILL, STORAGE TANK, COLUMN**

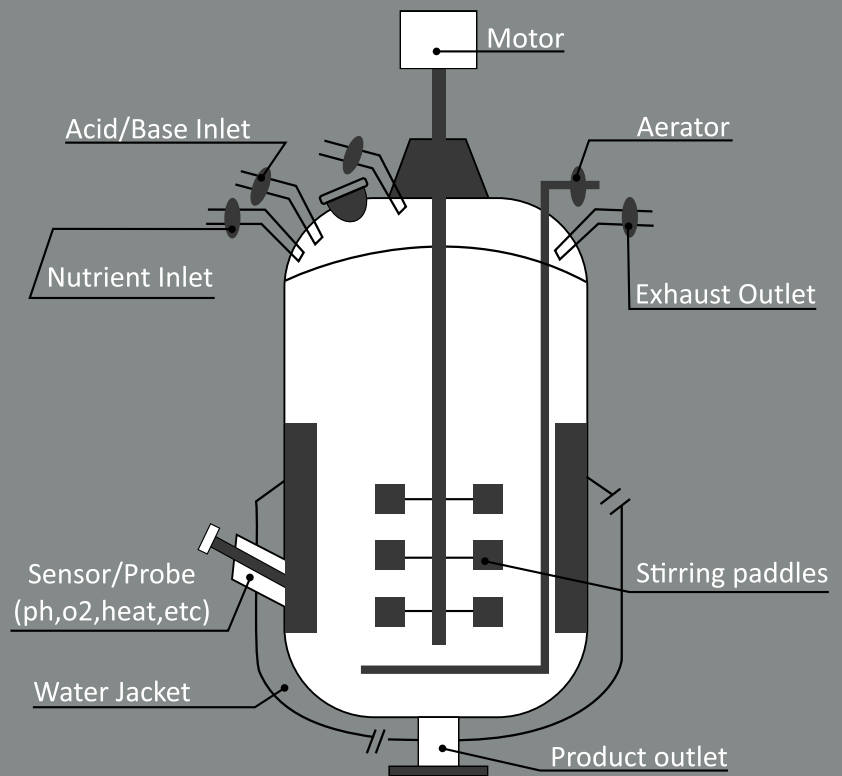

Register Office

# Fermenters

A fermenter is an enclosed and sterilised vessel that maintains optimal conditions for the growth of a microorganism. It is containers in which fermentation takes place, termed a bio reactor.

- 75 Kg Working Pressure Up To 750 Rpm
- Capacity 250 Liter To 35 Kl
- Utility Limpet Or Jacket
- Sparger Line
- Bottom Valve Sip Type (Air Operated)

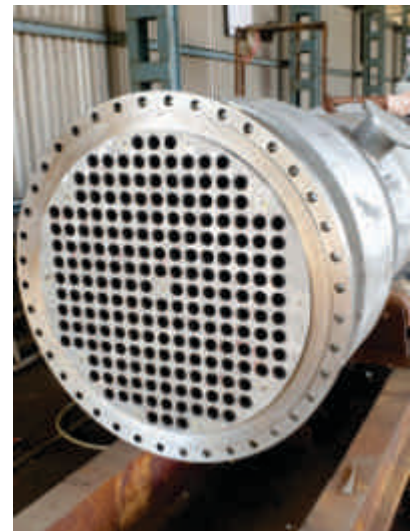

## Speciality

### Expanded & Welded Heat Exchangers

#### Description

A heat exchanger is a device designed to efficiently transfer or “exchange” heat from one matter to another. When a fluid is used to transfer heat, the fluid could be a liquid, such as water or oil, or could be moving air.

In order to meet the various requirements of the customer, we are engaged in offering a wide assortment of expanded heart exchanger.

“  
We DML Engineers  
Are a renowned  
Name in manufacturing of  
Expanded heat  
Exchanger in Ankleshwar,  
Gujarat, India.  
”

# GMP Reactors

## Description

Gmp reactor is used for the product of life saving drugs, chemicals bulk drugs food Herbal and ayurvedic medicines.

## Product Description

With our years of expertise in domain, we are engaged in manufacturing and Supplying an extensive range of GMP reactor. Customers can avail reactor (GMP model) from us as per the quality standards and in various specifications. Our offered product is used for production of life saving drugs and many more Applications. Moreover, we provide product to the customers as per their needs In order to satisfy them.

Features  
Efficient in use  
More durability.

# Non GMP Reactors

## Product description

We supply a variety of NON-GMP reactors that are easily available throughout the year for catering the bulk orders from our customers. These are manufactured according to the requirements of our products to various chemical and pharmaceutical industries at the leading industrial prices.

We are a prominent manufacturer, exporter and supplier of all every kind of Reactors by the use of modern day advanced machines and techniques. We have ensured that we add to the life and efficiency of our products.

# Autoclave

## Description

Autoclave a strong heated container used for chemical reactions and other processes Using high pressures and temperatures. It can sterilize solids, liquids, hollows, and Instruments of various shapes and sizes. Autoclaves vary in size, shape and Functionality. An autoclave is a pressure chamber that is used to sterilize equipment And supplies. When these items are placed inside the autoclave they are exposed to High temperature steam.

## Features

25 kg working pressure

295 rpm speed

Double internal limpet coil

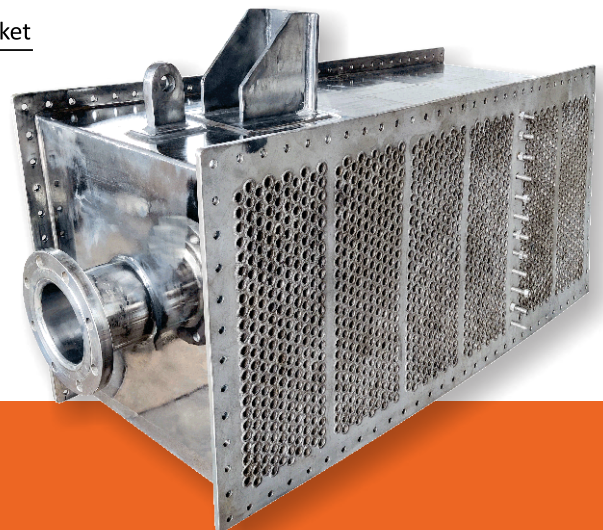

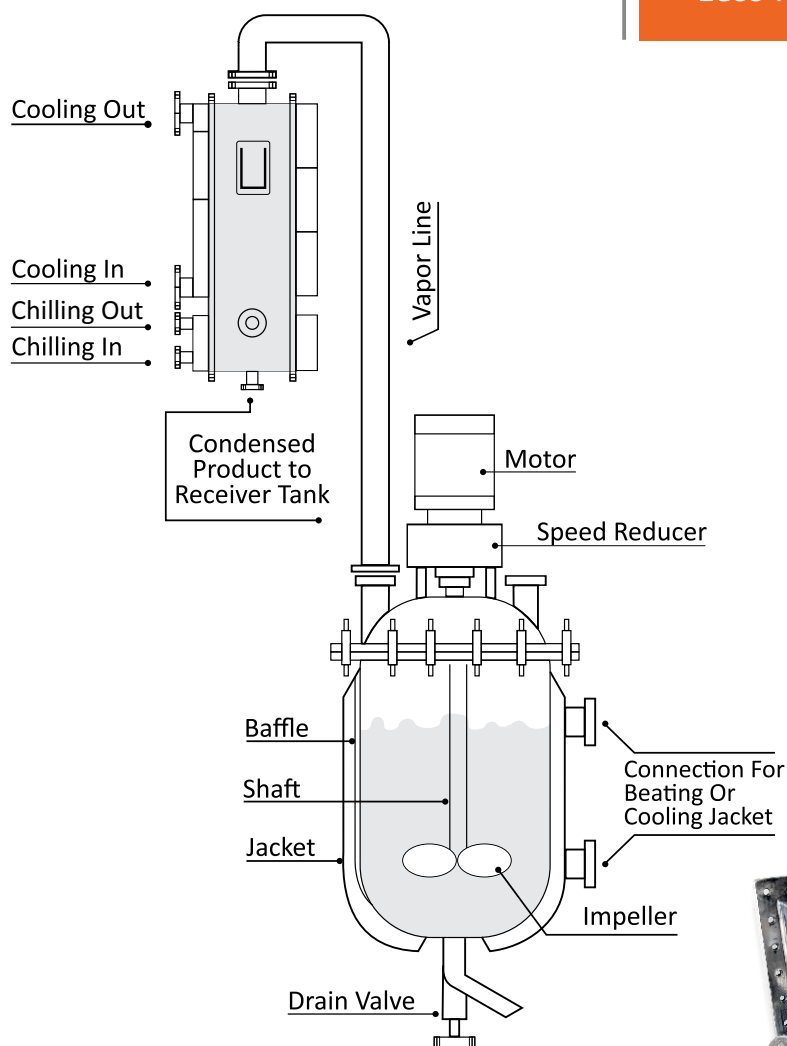

Disc impeller

# BOX Type Heat Exchanger

## ADVANTAGES

- Compact design less space required
- Primary and secondary are in one box
- 120-150% more distilled rate
- Less product blockage.
- Less/easy to maintain.
- Less product loss.
- Less fabrication required to install.

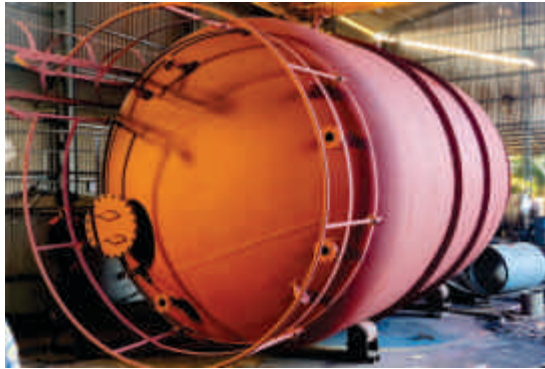

# Sand Mill

## Application Area

Applicable for grinding and dispersion of liquid-solid phase materials under state in Paint, dye, pigment, printing ink, pesticides and papermaking industries.

## Some Of The Work Done By Us

SS904L  
AGITATOR

## List of Our Major Client

- Gujarat State Fertilizers & Chemicals Limited
- Intas Pharmaceuticals Ltd.
- Resins & Plastics Ltd.
- Ami LifeSciences Pvt.Ltd.
- Spectrum Dyes & Chemicals Pvt.ltd
- Colorband Dyestuff pvt. Ltd
- Par Drugs & Chemicals Limited
- Yogi Intermediates Pvt.Ltd.
- Chemcrux Enterprises Ltd.
- Actymo Pvt. Ltd
- Pearl Chem
- Oscar Pharma
- Oswal Udyog
- Steuler Industrial Solutions (india) Pvt.Ltd
- Ratnamani Bio-Chemicals & Pharmaceuticals pvt. ltd
- Apex Pharma
- Komal Industries.
- Intech Healthcare

## Manufacturing Capabilities

We have a fully equipped facility at ankleshwar capacity detail are as under:

28,080 Sq. fit	9350 Sq. fit	6187 Sq. Fit	10 Tonns - 2 nos & 3 Tonns - 1 nos
Total Area	Area Under Shed	Open Area	Crane Capacity
up to 150mm (out sourced)	150mm	Up To 12 Mm In House And Up To 150 mm Outsourced To Vendor Approx. Distance of 1 Km	
Pressing Capacity	Gas Cutting Capacity	Rolling Capacity
