CHOOSE WHAT SUITS YOU

At Madhav Technologies, we have a range of solar system options to suit every requirement of our discerning customers. But no matter your choice, you can rely on Madhav technologies service and maintenance commitment.

INDUSTRIAL AND RESIDENTIAL ROOFTOP SOLAR SYSTEM

Suitable for: All customers with shadow-free roof/ ground

Product range: 1 kW to multiple mWs

Features :

- > Best quality panels
- > Inverters & other components for max generation
- > Design life
- > Remote monitoring on mobile & web

BATTERY BASED SYSTEM

Suitable for : Homes, offices, industries with problematic grid reliability

Off-grid systems : Power critical lighting loads, without grid export functionality

Hybrid systems : Power-heavy load, export excess generation to grid & can complement DG sets

Variants : Lead acid batteries/ Li-ion batteries

Features: Advance battery protection logic

SOLAR PARK

Suitable for : Industries/Organizations having huge electricity consumption.

Any Investor who wants to sell the power.

Flexibility : Suitable for different tilt and azimuth angles

Features : String level MPPT and monitoring: higher yield in compare to rooftop

SOLAR TREE

Suitable for : Villas, Industries (Lawns), Housing societies, schools & resorts

Features :

- > Attractive and Simple modular design
- > Tubular steel structure

SOLAR CAR PARKING

Suitable for : Industries, Corporate office, Villas, Housing societies, schools & resorts

Features :

- > Multiple designs
- > Tubular steel column & trusses

SOLAR BALCONY

Suitable for : Apartments, Commercial Buildings

Variants : Battery storage / Micro-inverters

Features : Solar power benefits even without roof space
