

Gurukripa Consultancy Services

Company Profile

WELCOME TO GECPL

■ Working Domain

GECPL is an **NABL Approved**, ISO 9001:2015 certified, multi- disciplinary consulting firm registered in India. **Gurukripa Consultancy Services** provides comprehensive professional services for infrastructure development including Highways, Roads & Expressways, Tunnels, Bridges & Other Structures, Traffic, Transportation & Road Safety, Airports & Aviation System, Railways & Metro Rails, Urban Regional Planning & Smart City Solutions, Building & Architecture, Institutional Strengthening & Capacity Building, Transaction & Project Finance, Water Resources & Public Health Engineering and Environment & Social Science, etc.

■ Our Vision

We have ambition to become textbook example of excellence in construction industry and to establish **Gurukripa Consultancy Services** a known brand.

■ Our Mission

Committed to providing timely, responsible and quality engineering services in accordance with internationally acceptable standards

OUR SERVICES

we have evolved into an infrastructure consultant of global standard, we have offices countrywide and are expanding our services. We have always remained committed to one clear mission: to provide the best design that improves the human condition.

We believe the accurate Field Investigation and survey, its Quality control, Interpretation, and Analysis forms the basis of any efficient Engineering decision, thereby resulting in cost-effective and sustainable developments. One of our main emphasis is, therefore, to provide services in field investigation and execution, besides Detailed Engineering Design.
