Textured & Frosted Glass

Textured glass has a repeating shallow pattern that is available different styles. It enhances the overall look of the bathroom. Several styles to choose from :

Features:

- Permanent. Images won't fade, peel, scratch or crack
- Control over opacity

Textured Glass:

Unique and Handcrafted designs on the glass. As the patterns are not geometric in shape, each and every piece of enclosure are unique and different to each other. The textured designs on the glass are patterns without losing the transparency of the glass.

Frosted Glass:

The sand blasted frosted glass makes the enclosure opaque which provides more privacy condition. The geometric frosted shaped provide more option of design to a shower enclosure.
