

Labcare Scientific

"For your Scientific Needs"

Dear Sirs,

We thank you very much for the inquiry sent to us. Herewith please find our offers for your kind perusal....

| S/No | Part No | DESCRIPTION | HS No | Unit | Qty | UNIT PRICE IN RUPEES | TOTAL PRICE IN RUPEES |
|------|------------|--|-------|------|-----|----------------------|-----------------------|
| 01 | GI-ESD 10X | <p>ESD DESKTOP MAGNIFYING LAMP 10X</p>  <p>I. Features:</p> <ul style="list-style-type: none"> • SK antistatic magnifier body with imported antistatic paint spraying, antistatic index as high as 108–10 • Double combination of magnification and lighting, magnification can be selected according to different requirements. • The light is stable and reliable, without flickering sense, and has no effect on vision. • Advanced white optical lens can be configured to reduce visual fatigue caused by long time use. <p>II. Advantage:</p> <ul style="list-style-type: none"> • high quality magnifying glass working lamp, long time use will not be hot, most suitable | 9405 | Each | 01 | 21500/- | 21500/- |

for precision electronics industry use.

- The spring holder can be fixed at any point depending on your need for the working environment.
- Please keep away from strong light to avoid accidents.
- Fluorescent lamp light for three primary colors, no sense of flickering light, can protect eyesight, magnification and lighting double combination, make the observation more clear, more micro, according to different requirements to choose magnification, desktop, bending rod structure design, users can according to the need to adjust the large range of observation Angle and position.
(Note: please ensure the lamp is stable after adjusting the upper support bar, lower support bar and support hook to meet the needs of users.

III. Application:

- electronic engineers to subtle components, components dense circuit board for observation and inspection, chemical engineering, printing plate industry, stamp collecting, animal and plant specimen development, jewelry industry, students reading, elderly reading newspaper or medical personnel, beautician and other work that needs lighting, amplification.

Specification

- **Size:** Glass diameter 127mm
- **Material:** Glass
- **Magnification:** X10
- **Name:** ESD Desktop Magnifying Lamp
- **Color:** White
- **Light:** 1 LED
- **Light Source:** LED

ORIGIN : GABY INSTRUMENTS
