

About Us

Established in 1990, Navodhaya Industries is a leading manufacturer of precision machined components and custom-engineered fasteners based in Coimbatore, Tamil Nadu, India's renowned engineering hub.

With over three decades of manufacturing expertise, we specialize in producing high-quality turned and machined components for automotive, electrical, industrial machinery, gear manufacturing, robotics, pump, and engineering sectors.

Our commitment to precision, quality, and on-time delivery has enabled us to become a trusted supplier to several leading OEMs and Tier-1 manufacturers across India.

What We Manufacture

Precision Machined Components

We manufacture a wide range of components including:

- Custom Fasteners
- Studs & Special Bolts
- Hex, Allen, Slotted Head custom screws
- Stainless Steel Grub Screws
- Riveted Wires
- Drain Plugs for Gearbox & compressor industries
- Magnetic Oil plugs
- Custom-machined Copper and Brass parts for electrical industries
- Hydraulic & Pneumatic stainless steel machined parts
- Bushes, Sleeves & Spacers
- CNC Turned Components
- Customized Engineering Parts as per customer drawings

Materials Processed

- Carbon Steel
 - Stainless Steel
 - Brass
 - Aluminium
 - Copper
 - Alloy Steel
-

Why Choose Navodhaya Industries?

Precision Manufacturing

Advanced CNC and conventional machining facilities capable of handling both batch production and specialized development projects.

Quality Excellence

- ISO 9001:2015 Certified
- Strong Quality Management System
- Stringent Process Controls
- Traceability
- Customer-focused Inspection Procedures

Proven Performance

- Consistent quality standards
- Excellent delivery performance
- Strong vendor development capabilities
- Recognition from leading customers for best supplier excellence

Customer Satisfaction

Our commitment to quality has earned us:

- Zero Defect Supply Performance
- Long-term business relationships
- Multiple Supplier Excellence Awards

Awards & Recognition

Best Supplier Award – Roots Multiclean Ltd. (2013)

Best Development Award & Outstanding Bought-Out Supplier Award – Roots Cast Pvt. Ltd. (2016-17)

Best Co-Development Award – Roots Industries Ltd. (2018)

Infrastructure & Manufacturing Facilities

Production Equipment

- CNC Turning Centre 165 chuck – 4 Nos
- Single Spindle Automat A25 – 4 Nos
- RDU 38 Weiler – 4 Nos
- Thread Rolling Machine – 1 No
- Milling Machine – 3 Nos
- Drilling Machine – 6 Nos
- Tapping Machine – 2 Nos
- Bench grinding machine: 4 Nos
- Power Press 20 Tons – 1 No
- Conventional Fly press – 2 Nos
- Centre Lathe – 1 No

Facility Details

- Manufacturing Area: 2,500 Sq. Ft.
- Open area: 400 Sq. Ft.
- Connected power load: 30 KVA
- Skilled workforce with experienced technical team

Quality Management

At Navodhaya Industries, quality is integrated into every stage of manufacturing.

Our quality system includes:

- ✓ Incoming Material Inspection
- ✓ In-process quality control
- ✓ Final inspection & testing
- ✓ Documented training programs
- ✓ Internal quality audits
- ✓ Traceability & record maintenance for RM, production and packing
- ✓ Continuous improvement practices

Trusted By Industry Leaders

We are proud suppliers to:

- Lakshmi Precision Tools Ltd.
- Schneider Electric India Pvt. Ltd.
- Shanthi Gears Ltd.
- Roots Cast Pvt. Ltd.
- Propel Drive Systems LLP
- Gishnu Gears Pvt. Ltd.
- Roots Multiclean Ltd.
- Roots Polycraft
- Lakshmi Carbons
- Sakthi Gear Products Pvt. Ltd.
- EMR Tap Changers Pvt. Ltd.
- FIEM Industries Ltd. (Hosur)
- Torus Robotics Pvt. Ltd.
