

RK Metal N Engineering

We Proudly Introduce
Ourselves as
Manufacturers of
Organic Fertiliser
Granules making Plants,
Pellet making Plants,
Trommel screens,
Pelletizing Machines ,
Granulating Machines,
Conveyor Belts , Drum
Dryers , Drum
Granulators and Special
purpose Machines

ABOUT US

Established in the year 2015 at Maharashtra, India, We R K METAL N ENGINEERING is a sole Proprietary Firm which has provided Granulating solutions, Material Handling solutions, Special Purpose Machines solutions to various Government as well as Private Firms all over India. We have our Clientele Base across India right from Chandigarh in North , Aumber in Tamil Nadu south India, Kolkata Silligudi in East India, Mumbai-Pune in West India and MP , Maharashtra, Karnataka in central India.

We Believe In Innovation and this Hunger for Innovation has Lead us to Develop Various Tailor made Solutions In Granulations of Powders , Various Tailor made Solutions for material handling, Hydraulic and Pneumatic machines.

Vision

To Continuously Innovate and Develop a Customer Friendly Environment and Innovate In existing as well as New Ventures.

Mission

To Establish Ourselves as Renowned Firm Known for Executing Multi Directional Projects all over the world.

OUR PRODUCTS

Organic Fertilizer Pelletizing Machine

We are Successfully Manufacturing and Supplying Single Roll Pelletizer used in Manufacturing of Organic fertilizer Granule Making plants from past Several years in All Over India. We have Four Models to Offer

in this the First one is giving 200-300 kg/hr , the Second one gives 500-700 kg/hr , Third one gives 900-1200 kg/hr and the Fourth one gives 1800 to 2200 kg/hr Capacity .

with several Salient features such as Following

- Magnet in Hopper
- Hardened Dies
- Funnel shape Cavities
- Moving Roll Mechanism
- Spring Loaded Roll Mechanism
- Pneumatically PLC controlled Mechanism

Hence these Machines use state of Art Technology to Provide Consistent and Long lasting Productivity.

OUR PRODUCTS

Granules Shaper

This Machine is used in Combination with Pelletizer and converts pellets into Round Granules and We manufacture this in Different sizes as per Customers Requirement. Here also Pneumatically PLC Controlled mechanism ensures Removal of Additional Manpower and Automizes Process.

Trommel Drum Screen

We are offering Trommel Drum Screen used in Fertilizers, Municipal solid waste Management, Biomining, Steel, Coal, Aluminium industry etc. We Offer Tailor made Solution to meet User defined Requirements and Complete Package along with Conveyor Belt Systems also. Hence Mechanised Solutions are Provided by us.

OUR PRODUCTS

Pan Disc Granulator

Basically Used for Batch Type Granulation Process this Machine has various uses in Organic as Well as Chemical Fertilizer Plants and is also Used in Steel Industry and Aluminium industries for Granulation here with the Help of

various equipments Automation for Continuous Production can also be underTaken.

Drum Dryer

We are dealing in a wide ranges of Drum Dryer. Here Hot Air Generators with Various Options of Fuel such as Wood , Coal , Gas , Furnace Oil and Electrically operated Systems are Manufactured and Supplied by us . We provide stand alone Dryers and also provide Dryers in Turn Key Projects of Granulation.

OUR PRODUCTS

Belt Conveyor

We Manufacture Wide Range of Flat , Troughed and various other types of Conveyor Belt systems as per given Orders. Basically these are Tailor made Solutions. We have Provided Conveyor Belt solutions for Fertiliser plants,

Foundries, Coal Mines, Steel Industries and Various Other Types of Industries. We also Undertake Manufacturing of Magnetic Separator Belt Conveyor Systems. Our systems are Smooth, Flawless and Durable with Assured Quality.

OUR CLIENT

1. BIOCARE INDIA PVT. LTD., NAGPUR
2. BDF, SATNA
3. KS ORGANICS, JAIPUR
4. SHRI DAYO DAYA, BHOPAL
5. SARVASHRESTH KRISHI UTPADAK, DHAR (M.P)
6. PVLMS NUTRI, RANIBENNUR, KARNATAKKA
7. SAMRUDHI ORGANICS, BIJAPUR, KARNATAKKA
8. TATVA HICAL PVT. LTD., TUMKUR
9. AGSK SOLUTIONS FOR RCF
10. UNITED BIO ORGANICS, AUBER
