Handcrafted Furniture & Interiors

CUSTOM MADE  
SINCE 1986 ISTANBUL

Our philosophy of design and quality is always the best and the most distinctive. !

40 years ago, as a father profession, all members of ŞANZE family continue their way as interior designers. We have no obsession with current and fashion. With our own interior design ideas, we blend our customers' lifestyles and create spaces in this way. Our target point is the first look at the effect that a place emerges from us.

‘ Natural is our philosophy, because everything is too much in nature! ’

The products of the researcher and developer point of view! We constantly follow the latest furniture trends in the world and shape them with our own craftsmanship and offer them for you. We have been pleased to offer our customers the passion of innovative and continuous highest quality in every product.

‘ Looking for custom designs for you and your home,  
Whether you like modern or classic trends,  
Our interior designers are designing suitable spaces for your project. ’
