

**INNOVATIVE
GLASS SOLUTIONS
FOR EVERY
INDUSTRIES**

ABOUT US

Suyog Glass Industry is a trusted leader in the manufacturing of high-performance industrial glass products. With decades of expertise and an unwavering commitment to quality, we specialize in delivering precision-engineered glass solutions tailored to meet the unique demands of a wide range of industries.

Serving sectors such as chemical, pharmaceutical, oil & gas, engineering, and boiler industries, we are known for our innovation, reliability, and customer-centric approach. Every product we manufacture reflects our dedication to excellence, ensuring durability, performance, and satisfaction for our clients.

At Suyog Glass Industry, we don't just meet industry standards; we set them.

OUR MISSION

Suyog Glass Industries is a leading manufacturer of a wide range of glass products such as Toughened Glass, Borosilicate Glass, High temperature Glass, Reflex Glass, Glass Tubes, Our products are primarily used in the Industrial, Boiler, pharmaceuticals, and R&D sectors.

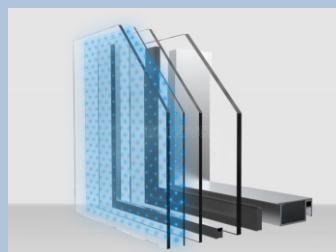

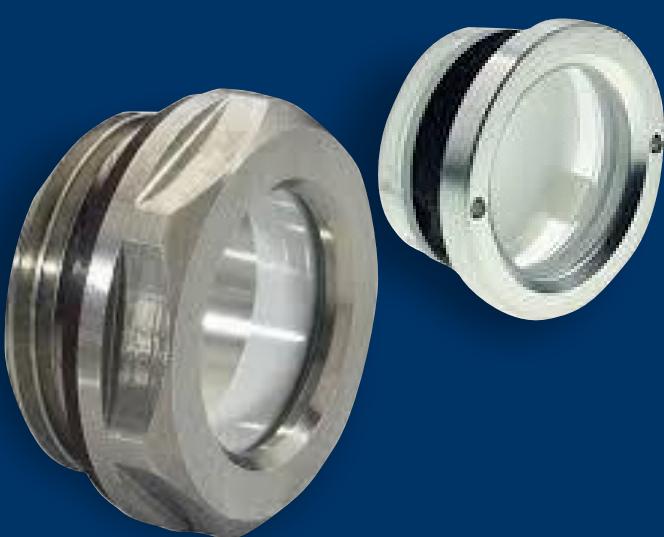

OUR VISION

We aim to become a pioneer in the glass manufacturing industry by constantly innovating and providing high-quality, customized glass solutions using advanced technology. We are committed to developing cutting-edge products that meet the needs of our customers.

OUR PRODUCTS

We manufacture a wide range of specialty glass products

- Toughened Glass
- Borosilicate Glass
- High Temperature Glass
- Glass Tubes
- Step Glass
- Reflex Sight Glass
- Sodium Silicate Glass
- Diaglass
- Oil Level Sight Glass
- LED Glass & View Glass
- High Pressure Temperature Glass

TOUGHENED GLASS

PRODUCT OVERVIEW

Size Range:

20 Mm To 300 Mm

Thickness:

4 Mm To 25 Mm

Material:

toughened Glass

**Application**

Medical Equipment

Industrial Use

Key Features

Durable & Long -lasting

Customization Available

BOROSILICATE GLASS

PRODUCT OVERVIEW

Thickness:

4mm to 25 mm

Size:

as per customer requirement

Material :

Borosilicate Glass

Shapes Available :

Round, Square, Rectangular

**Applications**

boiler industries

Medical Settings

Industrial Uses pharmaceutical

Key Features:

High Thermal Shock Resistance

Chemical Durability

HIGH TEMPERATURE & PRESSURE GLASS

PRODUCT OVERVIEW

Thickness:

5 mm to 25 mm

Diameter:

25 mm to 300 mm

Shapes Available:

Round, Rectangular, Custom Shapes

Applications

Steam Boilers

High-Pressure Vessels

Furnace Observation Windows

Autoclaves & Sterilizers

Key Features

Withstands High Pressure

Resistant to Thermal Shock

Excellent Chemical Resistance

Customization Available

GLASS TUBES

PRODUCT OVERVIEW

Outer Diameter (OD):

3 mm to 100 mm

Inner Diameter (ID):

As per requirement

Thickness:

0.5 mm to 10 mm

Length:

100 mm to 1500 mm

Applications

Laboratories

Medical Equipment

Key Features

High Thermal Resistance

Excellent Chemical Resistance

OIL LEVEL SIGHT GLASS

PRODUCT OVERVIEW

Size Range:

as per customer requirement

Thickness:

4 mm to 25 mm

Materials:

taughend , borosilicate , high temperature

Applications

Industrial Equipment

Research & Laboratory Setups

Key Features

High Transparency

Excellent Chemical Resistance

Leak-Proof Design

Customizable Sizes Available

RECTANGULAR REFLEX GLASS

PRODUCT OVERVIEW

SIZE

as per customer requirement

Thickness:

15 mm to 34 mm

Standard Types:

A, B, C, D, E (as per DIN 7081)

Applications

Boilers

Pressure Vessels

Chemical Reactors

Petrochemical

Key Features

Internal Grooves

Polished Opposite

High Mechanical Strength

RECTANGULAR TOUGHENED GLASS

PRODUCT OVERVIEW

Size Range:

as per customer requirement

Thickness:

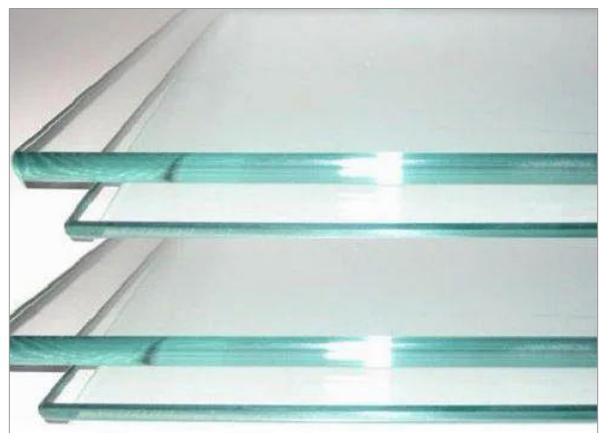

3-22mm

Application

control panel window

oil level

electrical encloser covers

**Key Feature**

high mechanical strength

custom finishing options

SODIUM SILICATE GLASS

PRODUCT OVERVIEW

Size:

As per customer requirement

Thickness :

3-10mm

Shapes :

rectangular , square , circular , rods

**Application**

Industrial use

Chemical industries

Key Feature

High thermal stability

Alkaline nature

Chemical resistance

STEP GLASS

PRODUCT OVERVIEW

Size :

as per customer requirement

Thickness :

depending on design

Shape :

round , oval , customize

Application

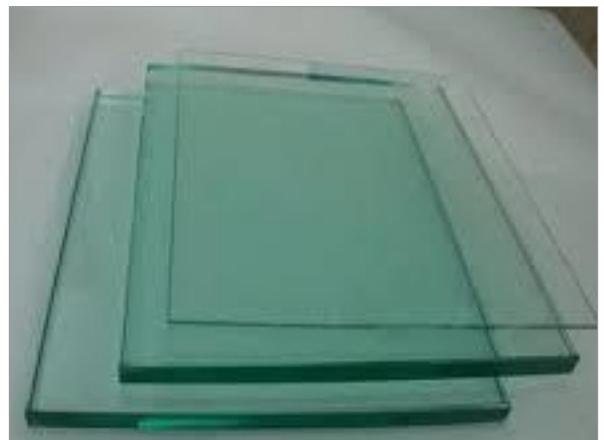

Use in valves

Pumps tanks

Pressure vessels

Boiler equipment

Scientific instrument

Key Feature

High strength

Leak proof fitment

Customized option

REFLEX SIDE GLASS

PRODUCT OVERVIEW

Size:

As per customer requirement

Thickness:

12-25mm

Application

Boiler

Steam drums

Chemical tanks

High pressure industrial vessels

Key Feature

High pressure resistance

Clear and accuracy

Chemical resistance

LED GLASS

PRODUCT OVERVIEW

Size :

as per customer requirement

Thickness :

3-12mm

Shape :

round , square , rectangular ,

as per requirement

Application

Led panel

Ceiling light

Industrial machine light

Key Feature

High light transmission

Heat resistance

UV protection

Leveraging our deep expertise in specialty glass manufacturing, we provide innovative solutions tailored to your unique requirements, encompassing products from **Diaglass and Toughened Glass to Borosilicate Glass, High-Temperature Glass, Glass Tubes, Step Glass, Reflex Sight Glass, Sodium Silicate Glass, Oil Level Sight Glass, LED Glass & View Glass, and High-Pressure Temperature Glass.**

WHY CHOOSE US?

At **Suyog Glass Industries**, every piece of glass we create carries a promise — a promise of trust, precision, and lasting excellence. With years of mastery in Toughened, Borosilicate, Quartz, Reflex, and High-Temperature Glass, we don't just manufacture products — we craft solutions that protect, empower, and inspire. Driven by innovation, rooted in quality, and committed to your success, we stand by you — delivering on time, every time. When you choose Suyog, you choose a partner who believes your vision deserves the finest.

INDUSTRIES WE SERVE

At **Suyog Glass Industry**, we cater to a wide spectrum of industries with our precision engineered glass solutions. Our products are trusted across sectors that demand performance, reliability, and durability.

Chemical & Petrochemical **Pharmaceutical** **Oil & Gas** **Engineering & Process Equipment** **Lighting & LED**
