

## Innovative Packaging & Processing Machine

OFF. & WORKS: G-245, SECTOR-63, NOIDA, GAUTAM BUDDH NAGAR (U.P.) INDIA-201307, Ph No 0120-4231294 MOB: +91-, 9891280158, 9278687313 E-mail: [innovativpackpro@gmail.com](mailto:innovativpackpro@gmail.com) Web-site: [www.innovativepackpro.com](http://www.innovativepackpro.com), [www.innovativemachine.tradeindia.com](http://www.innovativemachine.tradeindia.com)

### Vertical Form, Fill & Seal Machine (5/10 Kg Packing )

VFFS (Collar Type) is an PLC Controlled intermittent Center Seal Bag making machine can pack up to 5/10 Kg of various kind of Powder, Granule, Suitable for wide range of heat sealable film such as PET / MET BOPP / POLY or PET/POLY, Paper or Al- Foil laminate. Etc. Easy change over time. All Product Contact parts are made of SS-316, / SS-304.

#### **Features & Description of the Machines;**

- Control- PLC controlled, MMI with digital touch display
- Pulling Mechanism- Clutch brake Controlled.
- Unwinding System- Motorized
- Sealing System- Heat Sealer Pneumatically Operated
- **Packing Size-** Pouch Length 250 -500mm
- Film width- 500-800 mm
- Pouch Type – Center Seal
- **Packing Speed – 12-15 PPM**
- Power Required – 415 VAC Three phase, 50 Hz, 8 KW
- Compressed Air-5-7 CFM @ 4-6 pressure bar
- **Augar Filler - Clutch Brake/ Servo Driven**
- PID Temperature Controller: Omron / Vertex make
- Pneumatics Cylinders: SMC, / Pneumax make
- PLC & MMI: Delta, Schneider, Omron, B& R make
- Bearings: SKF or FAG or Japan makes
- All product contact parts-SS304
