

# Sun Power Electricals

MANUFACTURERS : TRANSFORMERS

Manufacturer of  
***Dry type Magnetics***

# About us!

We are pleased to introduce ourselves as a manufacturer of the magnetic wound component as per the customer's requirement.

We manufacture Air-cooled single-phase and three-phase Transformers, Reactors, Chokes, Power transformers, and many more things that are used in UPS/ DC drives/ Inverters/ Power plants/ Alternators/ Control Panels/ Distribution Panels/ Motor Centre Panels/ SFC, etc.

All the raw material is sourced from reputed manufacturers, with confirmation to Indian standards.

Every process regarding manufacturing and quality control of each piece of equipment is being done by an experienced team to achieve better quality, and to fulfill customer requirements.

The final product is tested before it is delivered to the customer.

**Serving customers from the last**  
**21 years!**

**Sun Power Electricals**

# Product range

- Power transformers up to 250 KVA, Air cooled.
- Bypass Line Phase conversion transformers up to 250 KVA.
- Charger/ Rectifier transformers up to 1000 Amp.
- Inverter transformers capacity up to 250 KVA.
- Commutating Chokes up to 1000 Amp/  
Different Harmonic Chokes.
- DC Filter Chokes, Di/Dt or Dv/Dt Choke.
- Air Core/ Iron Core Reactors, Saturable Core Reactors.
- Isolation transformers capacity up to 250 KVA.
- Control transformer capacity up to 3 KVA.
- Plasma transformers.
- K – rated transformers.
- Buck-Boost transformers.
- SFC Transformers.
- MIG Transformers.

## Isolation Transformer

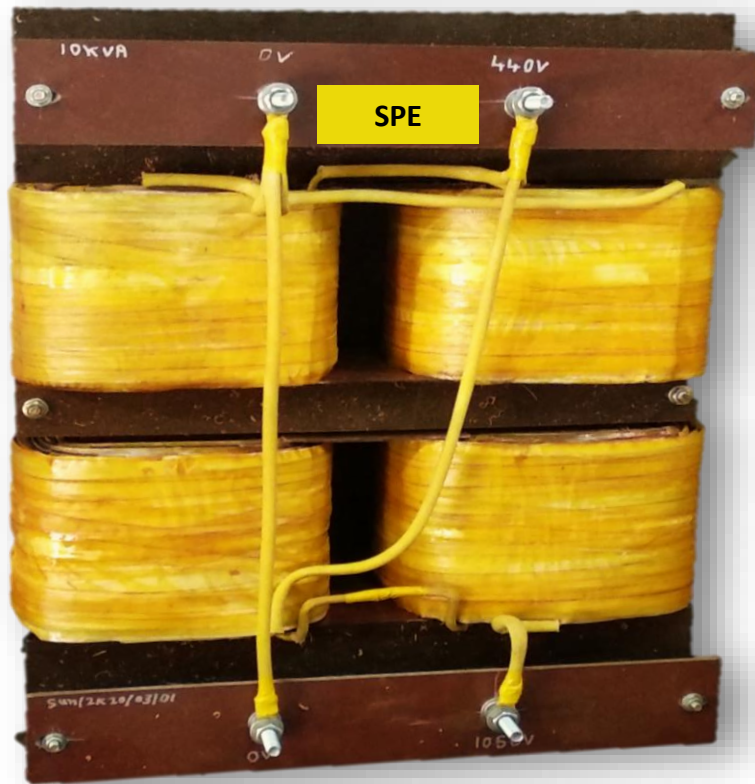

**Isolation transformer 150 KVA, 3Ø  
I/P : 400V, O/P : 400V**

**Current manufacturing capacity :  
1 KVA to 100 KVA, Single phase, 50 Hz/60 Hz.  
3 KVA to 250 KVA, Three phase, 50 Hz/ 60 Hz.**

**We make our transformers in Copper wound and Aluminium wound.**

## Step-up Transformer

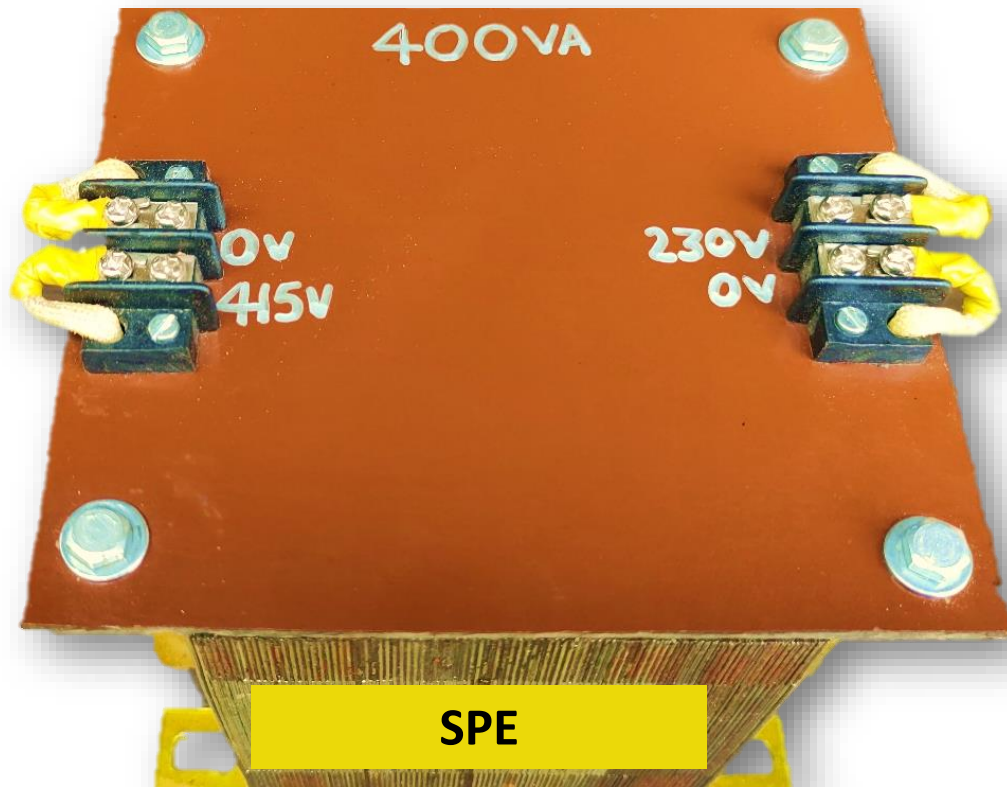

**Step-up transformer 10 KVA**

**I/P : 440V, O/P : 1050V**

**Customized as client requirements.**

**We make our transformers in Copper wound and Aluminium wound.**

## Step-down Transformer

**Step-down transformer 400VA**

**I/P : 0-415V, O/P : 0-230V**

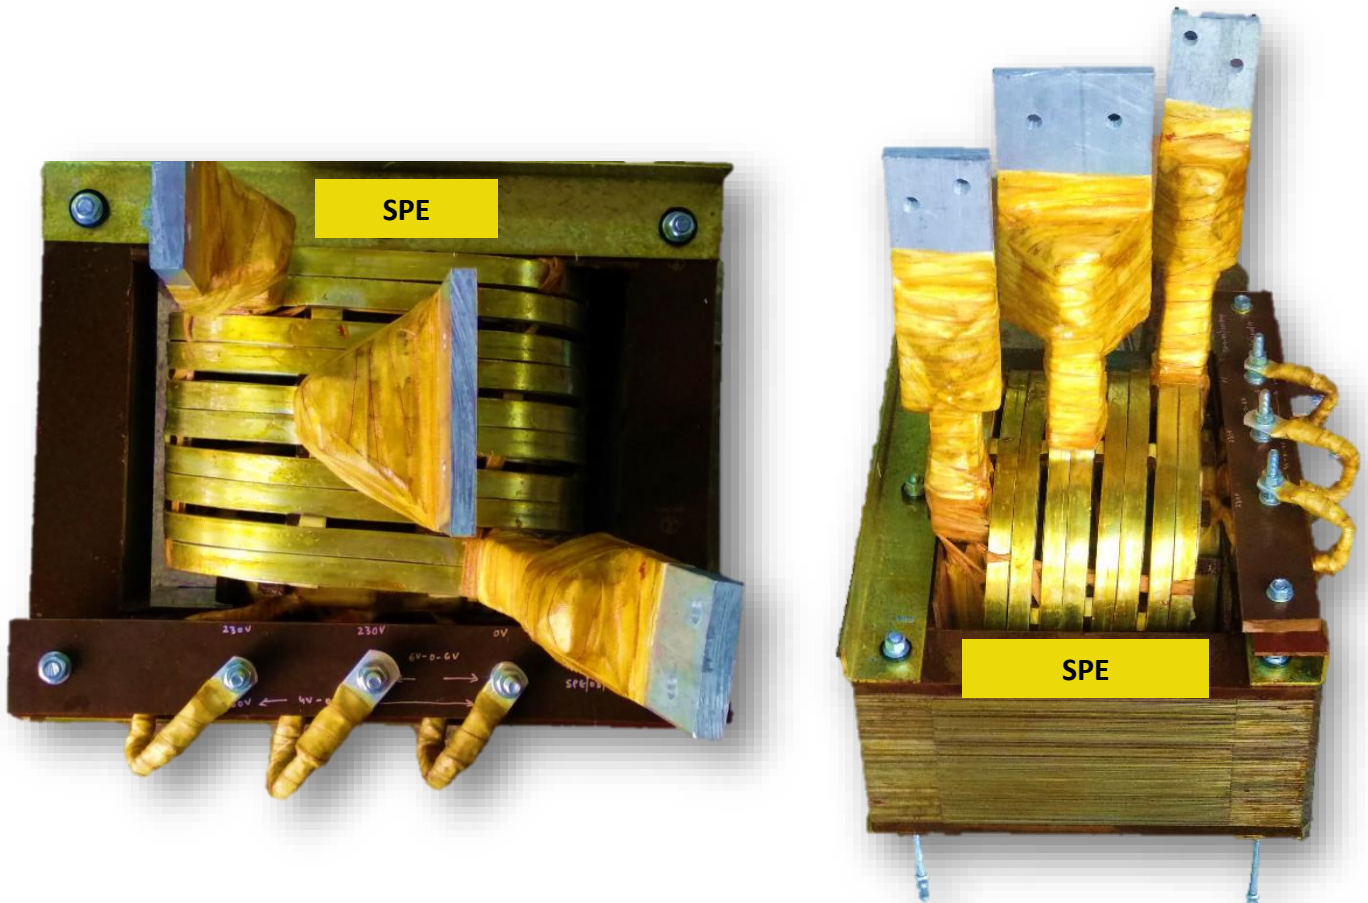

**Customized as client requirements.**

**We make our transformers in Copper wound and Aluminium wound.**

# Product detail

## Battery Charger/ Rectifier Transformer

**Battery charger/ Rectifier transformer**

**I/P : 0-230V, O/P : 6-0-6V, 1000A**

**Current manufacturing capacity :**

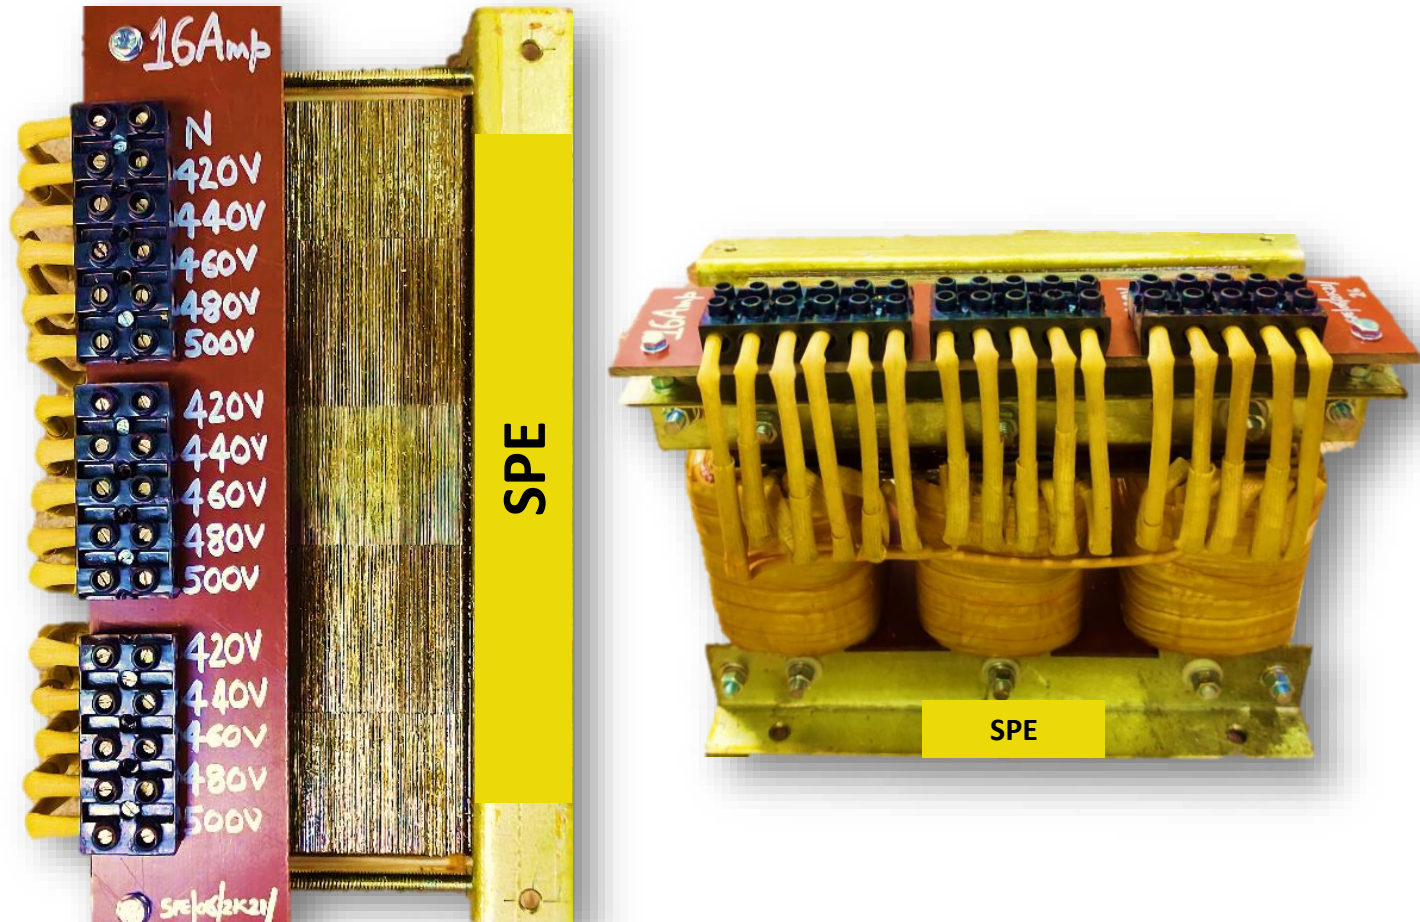

**Battery Charger/ Rectifier transformers up to 1000Amp.**

**We make our transformers in Copper wound and Aluminium wound.**

**Sun Power Electricals**

# Product detail

## Auto Transformer

**3Ø Auto transformer  
16A, 420-440-460-480-500V**

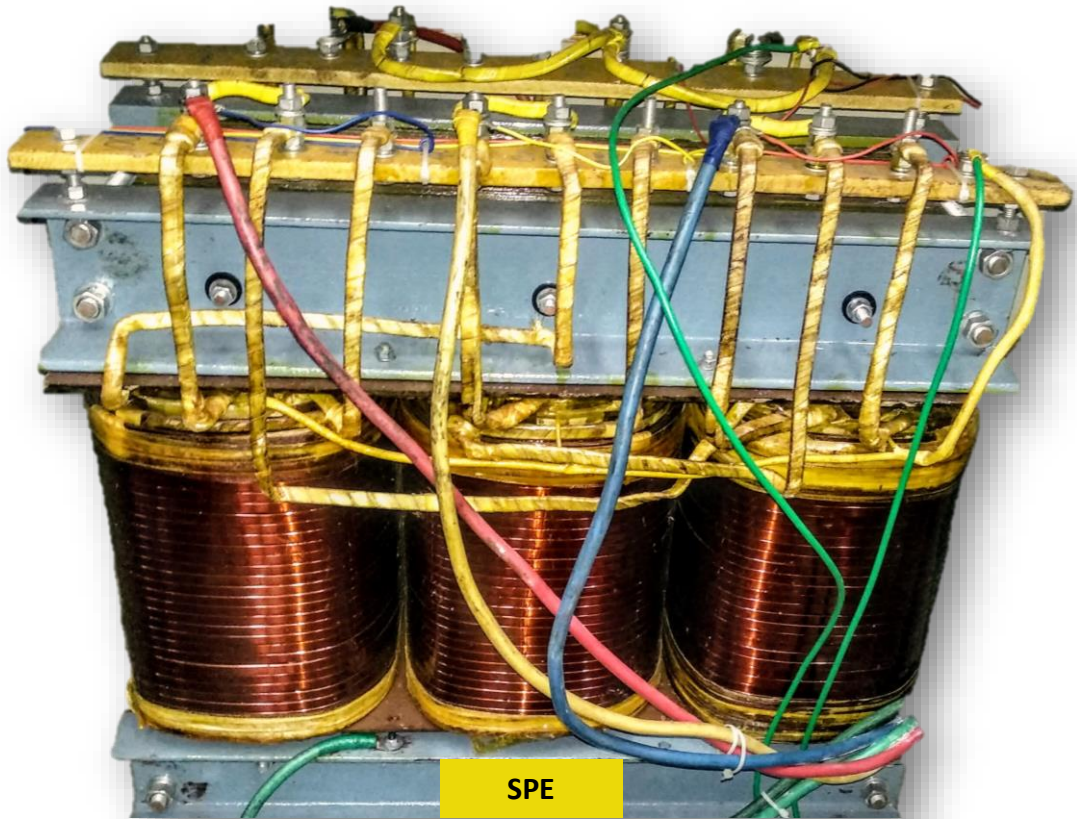

**Customized as client requirements.**

**We make our transformers in Copper wound and Aluminium wound.**

**Sun Power Electricals**

## K-rated Transformer

**100KVA, 3Ø K-rated transformer**

**I/P : 415V, O/P : 415V**

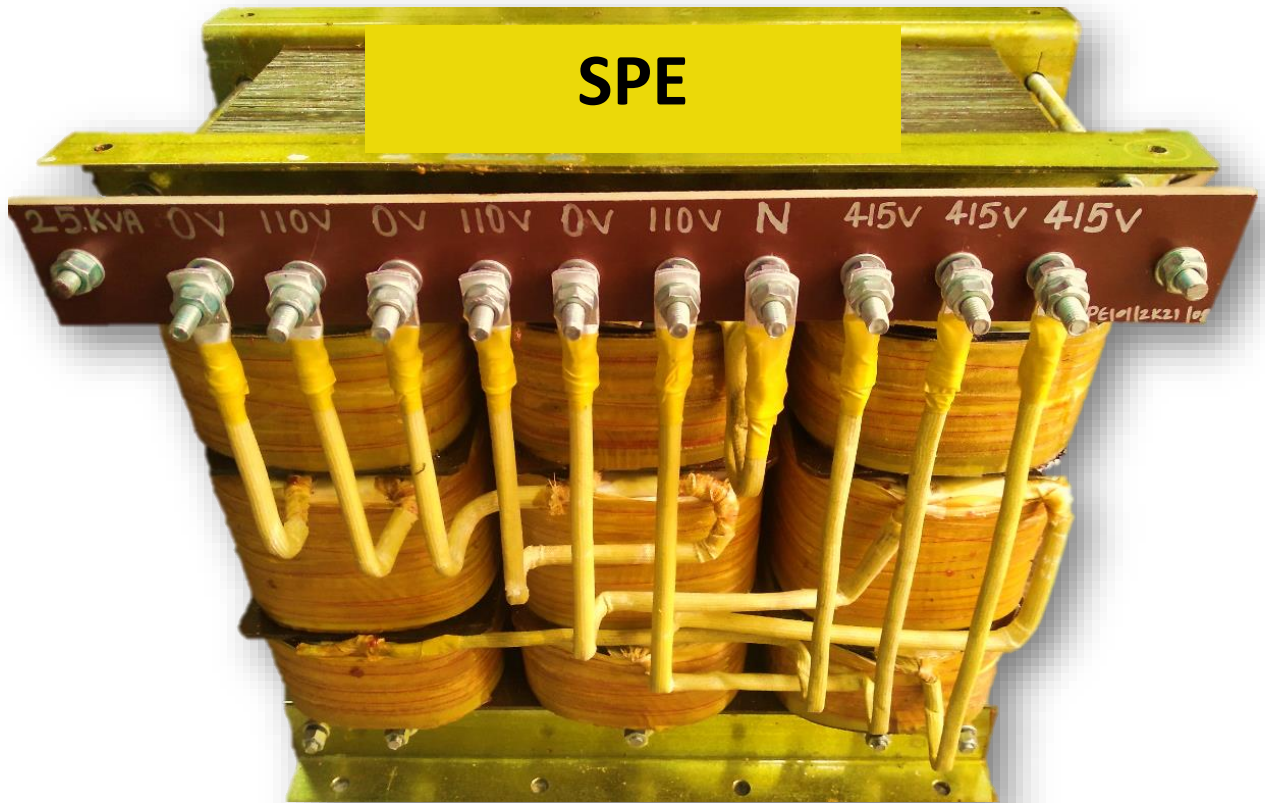

**Current manufacturing capacity :**

**1 KVA to 60 KVA, Single phase, 50 Hz/60 Hz.**

**3 KVA to 150 KVA, Three phase, 50 Hz/ 60 Hz.**

**We make our transformers in Copper wound and Aluminium wound.**

## Inverter Transformer

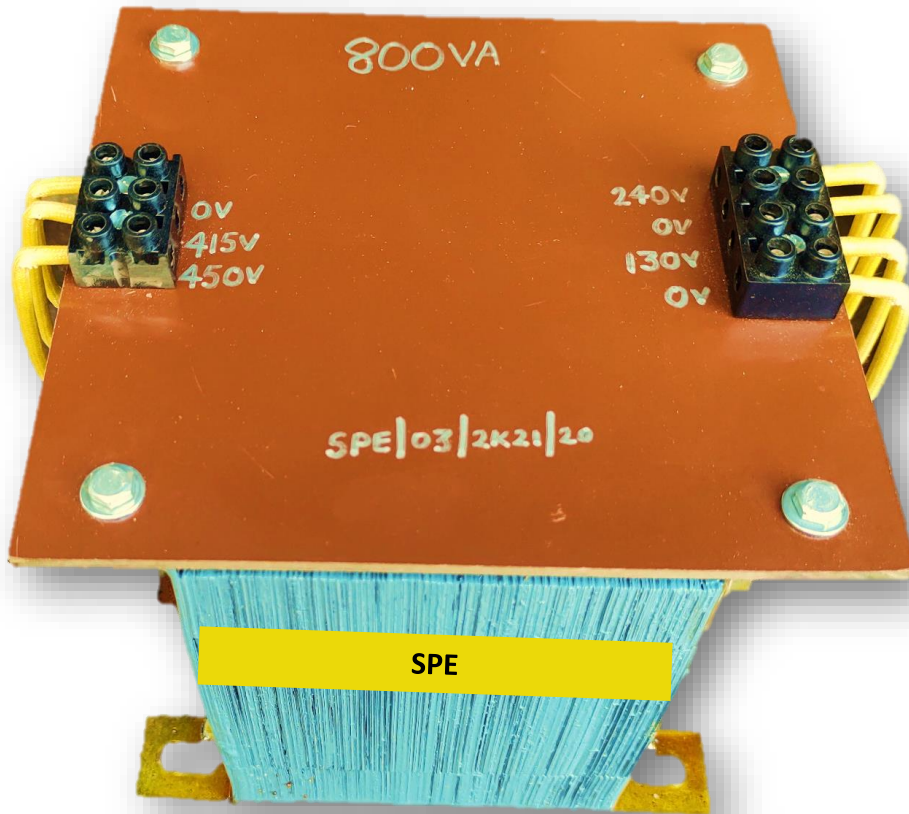

**25KVA, 3Ø Inverter transformer**  
**I/P : 0-110V, O/P : 0-415V**

**Current manufacturing capacity :**  
**1 KVA to 100 KVA, Single phase, 50 Hz/60 Hz.**  
**3 KVA to 250 KVA, Three phase, 50 Hz/ 60 Hz.**

**We make our transformers in Copper wound and Aluminium wound.**

## Control Transformer

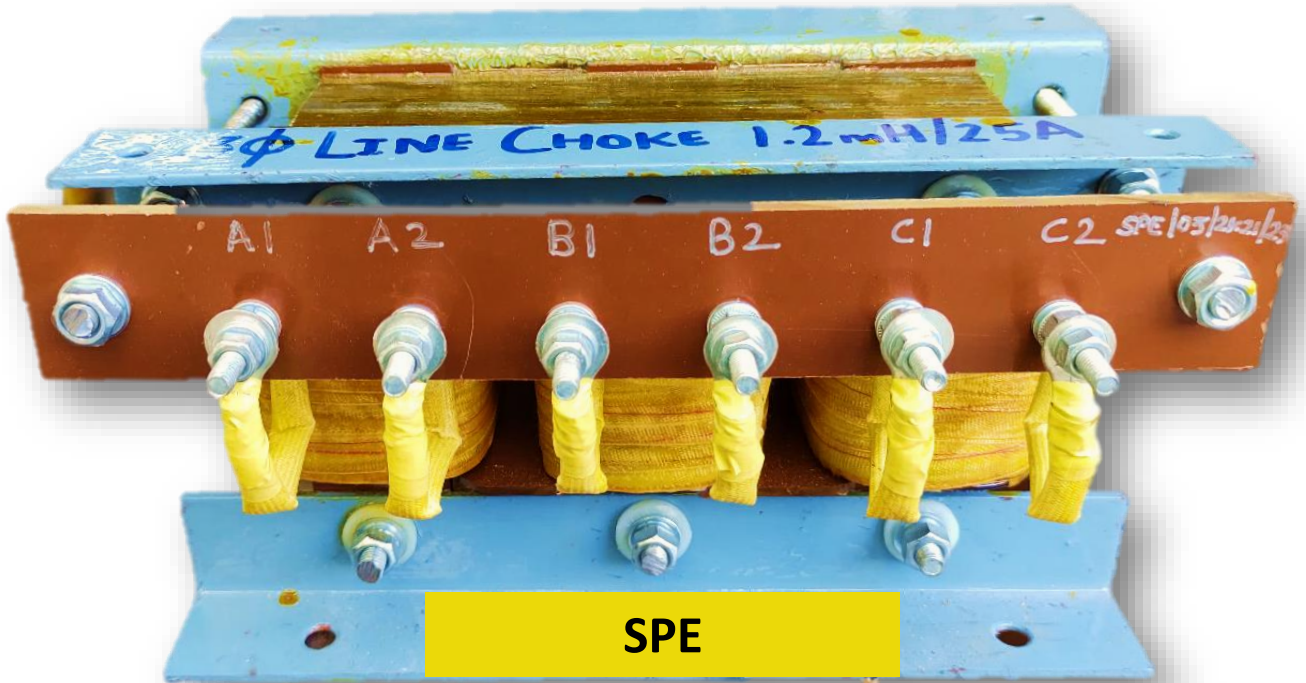

**Control transformer 800VA**  
**I/P : 0-415-450V, O/P : 0-130-240V**

**Current manufacturing capacity :**  
**Control transformers up to 3KVA.**

**We make our transformers in Copper wound and Aluminium wound.**

# Product detail

## Line Choke

**3Ø Line choke 1.2mH/ 25A**

**Current manufacturing capacity :  
Commutating Chokes up to 1000 Amp.**

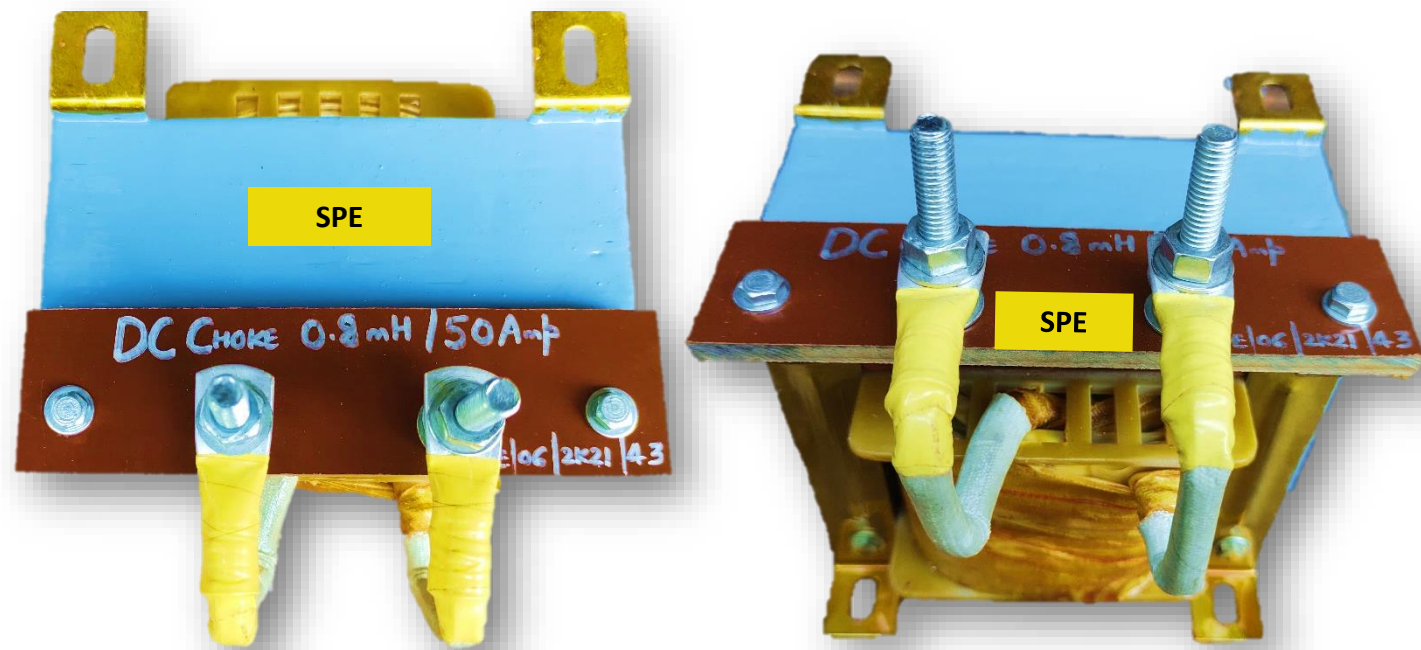

**We make our chokes in Copper wound and Aluminium wound.**

**Sun Power Electricals**

# Product detail

## DC Choke

**DC Choke 0.8mH/ 50A**

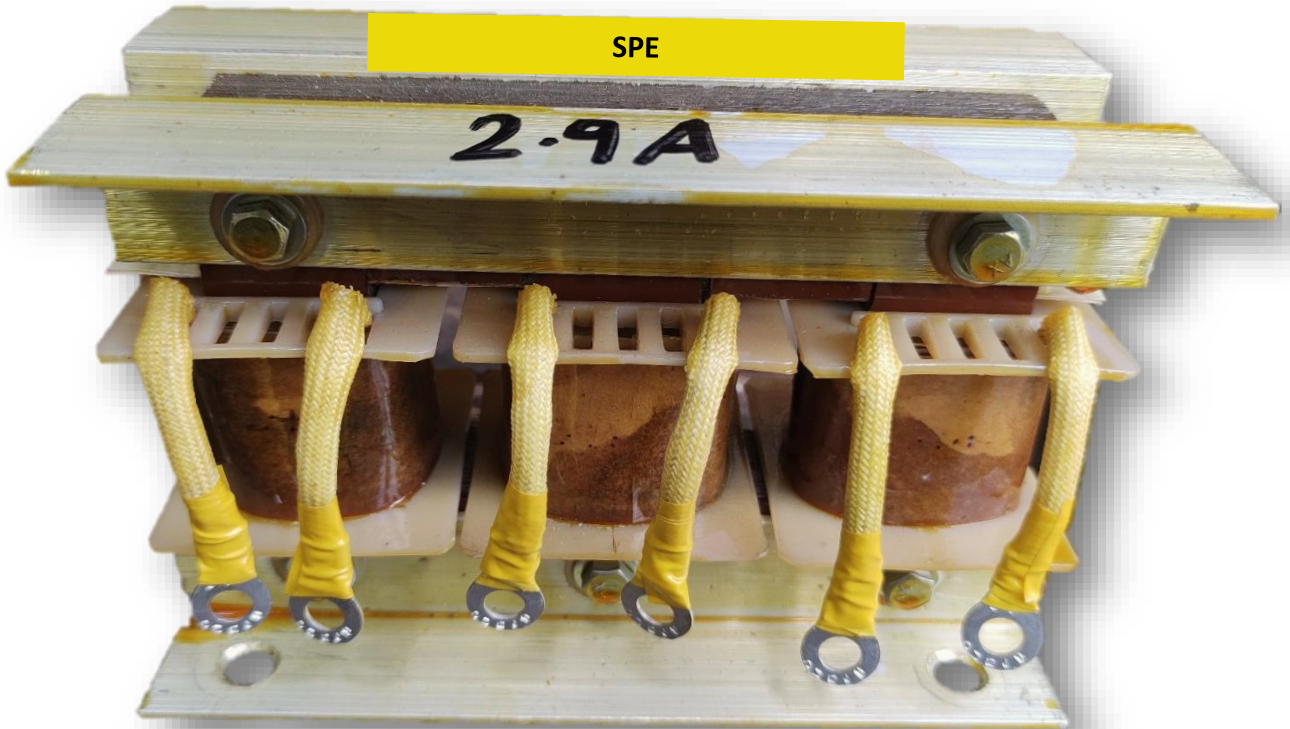

**Customized as client requirements.**

**We make our chokes in Copper wound and Aluminium wound.**

**Sun Power Electricals**

## Saturable Reactor

**2.64KVAR, 0.2% Reactor**

**Customized as client requirements.**

**We make our reactors in Copper wound and Aluminium wound.**

## Plasma Transformer

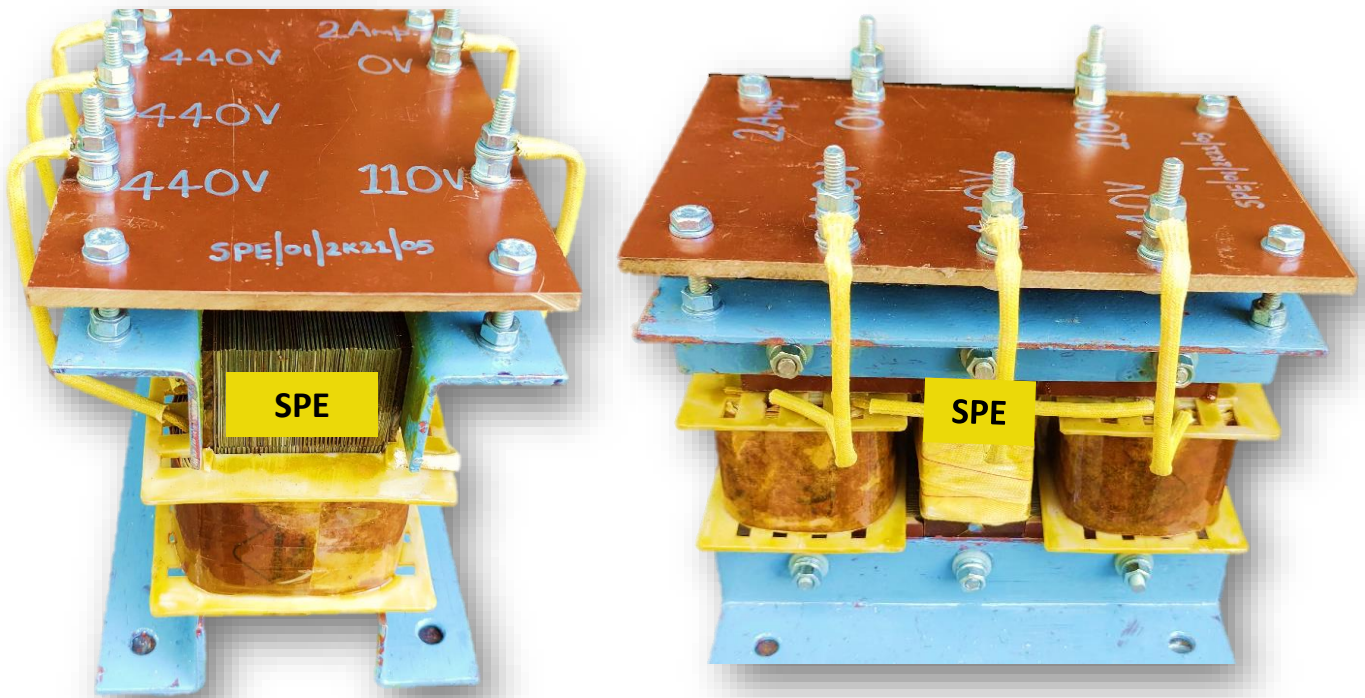

### 120Amp Plasma Transformer

Customized as client requirements.

We make our plasma transformers in Copper wound and Aluminium wound.

## Bypass line conversion Transformer

**3Ø to 1Ø Transformer, 3Ø Input (440V), 1Ø Output (110V, 2A)**

**Customized as client requirements.**

**We make our plasma transformers in Copper wound and Aluminium wound.**

## Buck-Boost Transformer

**3Ø Buck-Boost Transformer  
I/P : 0-157V, O/P : 0-29V, 433A.**

**Customized as client requirements.**

**We make our buck-boost transformers in Copper wound and  
Aluminium wound.**

## SFC Transformer

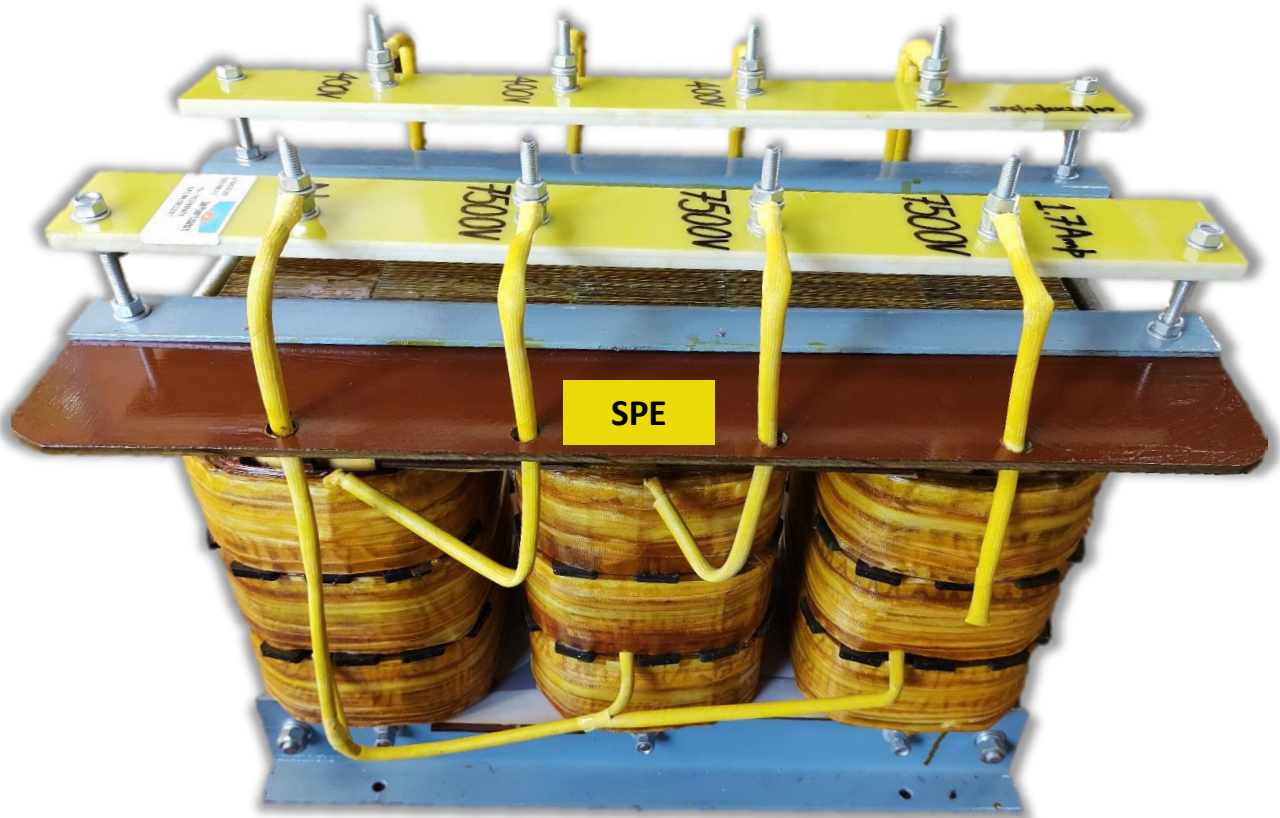

**3Ø SFC Transformer**  
**I/P : 0-415V, O/P : 0-33V, 320A/PH.**

**Customized as client requirements.**

**We make our SFC transformers in Copper wound and Aluminium wound.**

## High Voltage Transformer

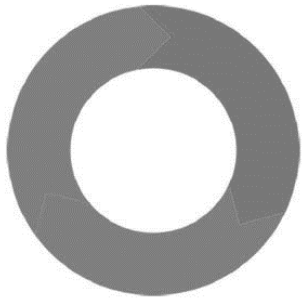

**3Ø High Voltage Transformer**

**I/P : 0-400V, O/P : 0-7500V.**

**Customized as client requirements.**

**We make our High Voltage transformers in Copper wound.**

# Why to choose us?

**CUSTOM DESIGNING**

**21**  
**YEARS**  
EXPERIENCE
