# IR Cosmic

Universal  
Smart  
Remote

Smart Plug for  
Heavy Load Appliances

## NexGen PLUG 16A

## NexGen SENSOR SWITCH

Smart switches with sensor strip module  
+ Fan Dimmer Comes With  
3P+1F 4P+1F, 1F2P+S

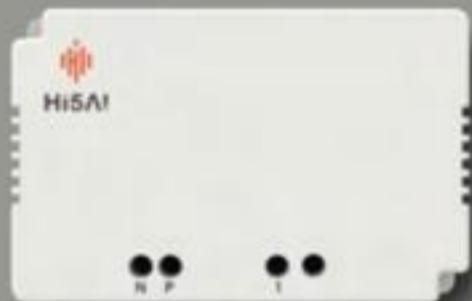

Retrofit  
modules that  
fit anywhere Comes  
with 1P, 2P, 3P, 4P, 5P

## NexGen SWITCH

## NexGen 1F1P

Smart switch and  
smart fan dimmer

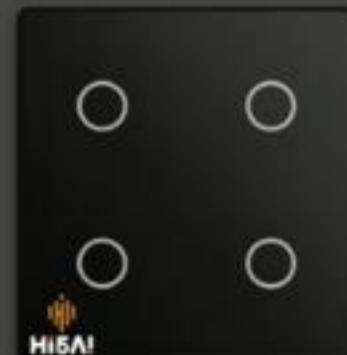

Increase life of  
heavy appliances by  
cutting of power supply at  
scheduled time. Comes with 16A, 25A

## HD Module

## NexGen Touch Switch 4

Four points Smart touch Switches  
with feather touch

Smart Touch Switches  
with Hammerless Fan Dimming

## NexGen Touch Fan Dimmer

# NexGen Touch Switch 30A

Smart touch switch  
for AC, Geysers etc  
with feather touch

WiFi LED  
Dimmable driver  
Comes With 18W, 36W

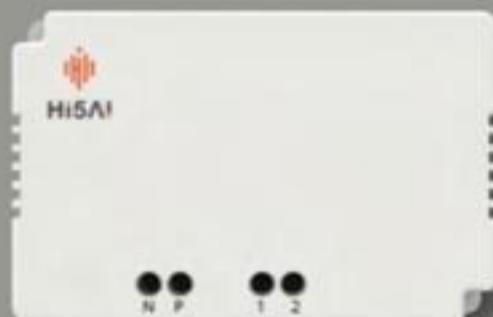

## LED 18W 2LED'S and 1 Driver Rainbow 12V & 24 V

Smart light with  
RGB colour

Control as well  
as Schedule your  
curtains to open and close.

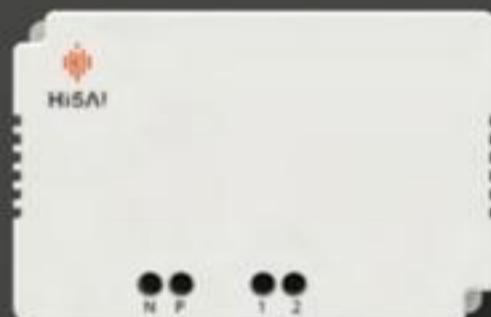

## Power Curtains

## Gate Switch

Opens & Closes The Motorised Doors/  
Shutters/Gates  
at one tap

Know  
who and  
when people are  
visiting your Home/Office

## Alert Bell

## Microwave Motion Detector

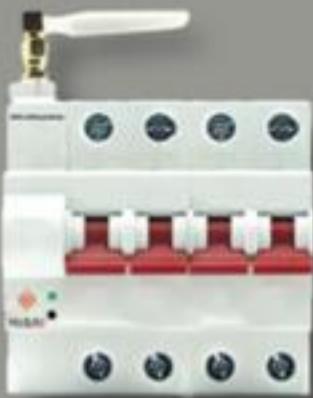

Easily detects leaves & trees Blowing with  
the wind and used in large places  
such as passage, lifts,  
coridoors,  
garden etc

Easily  
detects living  
being with its thermal  
sensors and used in small  
areas such as narrow hallway, front or  
back porch etc

## PIR Motion Detector

# Smart MCB 2 Pole 63A

Automate your household & commercial buildings etc with few minutes, with Smart Wi-Fi MCB's upto 63A.

Autoate your household, commercial buildings, factories etc with few minutes withSmart Wi-Fi MCB's upto 100A

## Smart MCB 4 Pole 100A

### Energy Meter 200A WIFI

It Provides health and energy monitoring services in various factories with Energy meter with Wi-Fi- 200A

Smart motor controller upto 20 HP on Wifi. continuously relays information and te operation status of the motors in real timeh.

### Energy Meter 200A WIFI

### 3 Phase WIFI Power Module

WIFI Power Module 40A will automate your motor and provide real-time health and energy status and will alert you in case of Emergency.

MULTIPLE OPENING FUNCTIONS  
fingerprints, cards, passwords keys & app.  
EASY TO INSTALL

### Smart Door Lock Window Sensor

Can be used as Window & Door Alarm Sensors.  
No wiring required, wireless connection.  
The door sensor can be remotely monitor Battery operated.

Wireless Wifi enabled Video

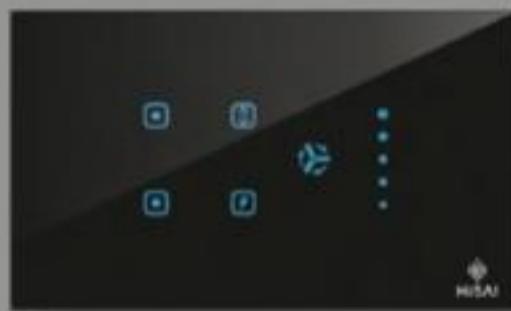

Door Phone Doorbell.  
Motion detection auto recording.  
2 ways communication with visitor.

### Video Door Phone
