A close-up, vertical view of a stack of several dark grey or black WPC (Wood-Plastic Composite) planks. The planks have a fine, vertical wood-grain texture. They are stacked closely together, with some lighter-colored material visible at the top left corner. The background is a plain, light-colored surface.

GD WPC 0313

A vertical stack of several wooden planks, likely made of wood-plastic composite (WPC), showing a natural wood grain pattern. The planks are arranged in a slightly overlapping manner. In the background, a blue metal profile and a cardboard box are partially visible. The text "GD WPC 314" is overlaid in white on the left side of the image.

GD WPC 0306

A vertical stack of several wooden planks, showing a natural wood grain pattern. The planks are arranged in a slightly overlapping manner. The color of the wood varies from a light tan to a dark, rich brown. The texture appears smooth but with natural wood grain variations. In the background, some blurred elements of a workshop or storage area are visible, including what looks like a white box and some yellow material.

GD WPC 312

A photograph showing a stack of white WPC (Wood-Plastic Composite) planks. The planks are arranged vertically, showing their length and the slight texture of the material. In the background, there are some cardboard boxes and a concrete surface. The text "GD WPC 0308" is overlaid in the center of the image.

The image shows several vertical planks of wood-grain WPC material. The planks have a light brown, natural wood grain pattern with prominent knots and grain lines. They are arranged side-by-side, creating a continuous wood-like surface. The lighting is even, highlighting the texture of the material.
