We are here to increase your
knowledge in packaging industry

COMPANY PROFILE

Manufactures of

- FFS Pouch Packaging Machine
- Collar type Auger Filling Machine
- Liquid Pouch Packaging Machine
- Collar type cup filling Machine
- Multi Head Packaging Machine
- Semi Automatic pouch Packaging Machine
- Spares Parts & All Packaging Machine Solution

web : www.nspackaging.in

OUR VISION

To serve the all requirements with good service, and provide best machines to establish long and faithful association.

We are working for the customer satisfaction, and fulfil need of them with maintained pace.

ABOUT US

N.S. Packaging comes into existence for providing best services in the packaging industry founded in 2016, to keep all satisfactory work in manufacturing of packaging machine. We are the manufacturer of all kind of packaging machines, providing best services in all respect of packaging like Fluid; solid etc. the Idea behind this venture is to give satisfactory work irrespective of hurdles.

We have all kind like F.F.S pouch packing for free flowing material packaging, Auger Packaging machine, Liquid packaging machine, machine penne matric & collar type, Manual Cup Filler Machine ,Semi-Automatic Cup Filler Machine, multi head etc. Such many more packaging types of machine even we provide all type pouch machine spares parts also. This is well organized as well as systematic work towards the domain of packaging.

Our Infrastructure

We have best environmental friendly, ecologically feasible, area for constructions, we have keep all major and concerns regarding pros and cons of manufacturing.

Our Team

Our team is hard working, smart and talented members, with zeal of working towards our costumer's satisfaction. We have dedicated team towards the orders as well as requirements of market and of customers.

Our Management

We have skilled, smart management created for the production, services, and we keep our costumers satisfactory. We have panel to monitor all or service, products and they ensure working style, delivery system, production, manufacturing, feedback etc. Core team always ready to work and deliver all kind of services, products.

Our Quality

Quality is one of the major concerns for our services. We provide best product before and after sales too, we have quality assurance department which helps to provide the systematic approach to maintain the product quality, product assurance and product delivery.

OUR MOTTO

- **Satisfaction**
- **Service**
- **Association**

WHY US?

We are leading in this industry keeping our motto; make our adorable customer satisfy with the best service and also associated with us for long lasting projects.

we are top manufacturer of packaging machines, distributors, wholesaler of packaging machines, suppliers, all type of packaging machines.

Best service providers in the manufacturing of nearly all type of packaging machines.

VFFS PACKING MACHINE

Model No: NSP-101 -Single Track

Applications

Sweet Supari, Mouth Freshener, Pharmaceuticals Tablets, Sounf, Jams, Khade Masale.

Packaging Range: 1 gms to 10 gms

Technical Specification

• Product applications	: All Type Powders
• Feeling Style	: Cup Filling
• Sealing Type	: Center/ Side sealing/ Four Side
• Packing Size	: Min. 50 mm Max 250mm
• Length	: 50 mm to 200mm
• Packaging Film	: Any heat sealable Laminate
• Main Motor	: Drive Type
• Heater Load	: 1 kw
• Electrical Supply	: Single/3phase. 440V, AC, 50Hz
• Compressed Air	: 6 CFM @ 6BAR
• Temperature Controller	: PID Based
• Contact Parts	: Food Grade Stainless Steel
• Machine Speed	: 80-140 pouch/Max (depend up to pouch size)
• Speed/Machine Control	: Ac Drive /Dc Drive, PLC/Panel Based
• Machine Dimension	: L(800) W(890) H(2500)mm
• Net Weight	: 250-300 kg. (Approx)

Benefit

- Saving on Time/Space /Power
- Helps in Detecting
- Easy of Secondary Packing
- Saving on wastage
- Increased Productivity
- System runs in Synchronization
- Long life, hygienic Packing
- Easy to Displacement
- Better sealing
- Save Product rejection
- Length can be changed as per requirement
- No change of parts.
- Weight variation only 1%

Advantages

- Option of higher speed to print M.R.P. Month of Packing, Lot No. Etc
- Cuts the Batch at Prefixed length
- No Laminate and product wastage
- Automatic adjustment & correction of Pouch sealing
- Easy to Operate/ Less Servicing Required.
- Machine is centrally Controlled
- No Rusting
- Looks appealing, Easy to install and Move
- Display and controls Sealer's Temperature
- Increased shelf life.
- Automaton
- Increased shelf life

Applications

Silver Ball, Nut & Bolts, Small Toys, Connectors, Chocolates, Lollipops, Small Things etc.

Packaging Range: Single piece packing

Technical Specification

- Product applications : All Type of solid small toys and things
- Feeling Style : Cup Filling
- Sealing Type : Center/ Side sealing/ Four Side
- Packing Size : Min. 50 mm Max 250mm
- Length : 50 mm to 200mm
- Packaging Film : Any heat sealable Laminate
- Main Motor : Drive Type
- Heater Load : 1 kw
- Electrical Supply : Single/3phase. 440V, AC, 50Hz
- Compressed Air : 6 CFM @ 6BAR
- Temperature Controller : PID Based
- Contact Parts : Food Grade Stainless Steel
- Machine Speed : 40-90 pouch/ Max (depend up to pouch size)
- Speed/ Machine Control : Ac Drive/ Dc Drive, PLC/ Panel Based
- Machine Dimension : L(800) W(890) H(2500)mm
- Net Weight : 250-300 kg. (Approx)

Benefit

- Saving on Time/Space /Power
- Helps in Detecting
- Easy of Secondary Packing
- Saving on wastage
- Increased Productivity
- System runs in Synchronization
- Long life, hygienic Packing
- Easy to Displacement
- Better sealing

- Increased shelf life.
- Automaton
- Increased shelf life

AUTOMATIC SERVO AUGUR FILLING PACKING MACHINE

Model No NSP-301 -Single Track

Applications

Heena Powder, Coffee Powder, Detergent, Pharmaceutical Powder, All Spices Powder

Packaging Range: 2 gms to 100 gms

Technical Specification

• Product applications	: All Type Powders
• Feeling Style	: Servo Augur Filling
• Sealing Type	: Center/ Side sealing/ Four Side
• Packing Size	: Min. 50 mm Max 250mm
• Length	: 50 mm to 200mm
• Packaging Film	: Any heat sealable Laminate
• Main Motor	: Drive Type
• Heater Load	: 1 kw
• Electrical Supply	: Single/3phase. 440V, AC, 50Hz
• Compressed Air	: 6 CFM @ 6BAR
• Temperature Controller	: PID Based
• Contact Parts	: Food Grade Stainless Steel
• Machine Speed	: 40-90 pouch/Max (depend up to pouch size)
• Speed/Machine Control	: Ac Drive / Dc Drive, PLC/Panel Based
• Machine Dimension	: L(800) W(890) H(2500)mm
• Net Weight	: 250-300 kg. (Approx)

Silent Features

- Option to single track
- Electric Coding Device
- Batch Cutting device
- Precision Sealing
- Photo Registration Control System
- Operator Friendly
- Machine is PLC controlled
- Food Grade Stainless Steel Contact Parts
- All Machine is Stainless Steel
- Machine is equipped with Silent Vibrator
- Nitrogen Flushing Device
- Automatic Pouch length Change Mech.

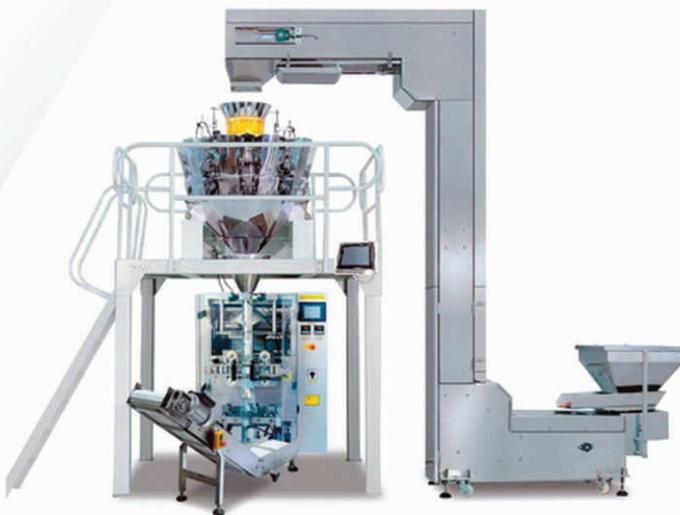

Benefit

- Saving on Time/Space /Power
- Helps in Detecting
- Easy of Secondary Packing
- Saving on wastage
- Increased Productivity
- System runs in Synchronization
- Long life, hygienic Packing
- Easy to Displacement
- Better sealing
