

AMK SHRIPAD TECHNOLOGY

AMK Ultrasonic Pest Repellent – Advanced Technology System

Say Goodbye to Pests with Smart Electronic Protection

AMK Shripad Technology introduces the AMK Ultrasonic Pest Repellent, an advanced electronic device designed to keep homes and workplaces free from unwanted pests. The system works using ultrasonic frequency waves that disturb pests and drive them away without using harmful chemicals. It is safe, energy-efficient, and easy to use.

Key Features
• Ultrasonic Pest Repellent Technology
• Repels Mice, Lizards, Cockroaches, Flies and Spiders
• Chemical-Free Pest Control
• Energy Efficient Design
• Dim Night Lamp with Soft Light
• Magnetic Current Wave Technology

Specifications	
Power Supply	AC 220-240V, 50/60Hz
Power Consumption	1.5 Watts
Sound Frequency	Automatic Sweep Frequency
Effective Area	Up to 1000 sq. ft
