“Meticulous about Quality, we source only the best ingredients with superior functionality”

Started with a humble beginning in 2011, YNP Ingredients has established its footprints in the arena of quality ingredients. Today we take pride in having a strong clientele of more than 300 precious companies.

We provide trade and market strategy solutions for both buyers and sellers in the Nutraceutical, Sports Nutrition, Food & Beverage, Bakery, Confectionery & Personal Care sectors. We differentiate ourselves by providing win-win outcomes; respecting partnerships and providing proactive market leading solutions based on rich experience of more than a decade.

We work hand in hand with manufacturers and end users to assist in selecting the right ingredients for a product or application.
