## OCTOGONAL POLES

APS Electro Industries designs and manufactures wide range of Octagonal Poles, for primary use as street Lighting Poles. Products are fabricated using premium quality raw material and are atomized to client's specification.

The Octagonal Poles are in Single Section (upto 10 metre) without any circumferential weld joint.

The Octagonal Poles are bolted on pre-cast foundation with a set of four foundation bolts for greater rigidity.

Established in the year 2018, We APS Electro Industries are one of the leading suppliers and traders of wide range of optimum quality LED street lights.

Based with the knowledge of our owner, Mr. Pradeep Ukey we have been able to cater to a huge clientele across the nation.

We are dealing in various AC street lights such as. 30w, 50w, 72w & 100w
