MEET THE FOUNDERS

OPAL FURNITECH was founded by two brothers Viren Kharwade and Yogesh Kharwade in 2012, who shared a common vision of creating innovative, high-quality modular office furniture solutions that enhance workplace productivity and comfort. With complementary skill sets and a deep passion for design, craftsmanship, and business growth, the brothers have built OPAL FURNITECH into a leading name in the office furniture industry.

VIREN KHARWADE
Co-Founder & Managing Director

VIREN KHARWADE is the driving force behind the strategic direction and vision of OPAL FURNITECH. With a background in Engineering, he brings over 23 years of experience in the Modular Furniture Industry. Viren Kharwade is responsible for overseeing the company's overall operations, managing relationships with key clients, and steering the company toward long-term growth and innovation.

Before starting the company, Viren Kharwade gained hands-on experience in Modular Furniture Industry, where he developed a deep understanding of customer needs, design trends, and efficient production processes. His commitment to excellence and passion for design have driven OPAL FURNITECH to become a modular office furniture market leader.

YOGESH KHARWADE
Co-Founder & Executive Director

Yogesh Kharwade is the financial and operational backbone of OPAL FURNITECH, managing the company's financial strategy, operations, and day-to-day management. Armed with an MBA in Finance and a strong background in business operations, he is responsible for ensuring that the company runs efficiently, stays on track financially, and maintains profitability while scaling.

In addition to overseeing financial planning, budgeting, and investment strategies, Yogesh Kharwade manages key aspects of the company's supply chain, production, and resource allocation. His deep understanding of business operations ensures that every product is delivered on time, at the highest quality, and at the most competitive cost.

Before founding OPAL FURNITECH, Yogesh Kharwade worked in the Modular Furniture Industry for more than 20 Years, where he developed a keen understanding of how to balance operational efficiency with financial sustainability. This experience has been invaluable in creating a robust operational structure for the company, allowing OPAL FURNITECH to remain adaptable, cost-effective, and poised for growth.

A STRONG PARTNERSHIP

While VIREN KHARWADE brings creativity and visionary leadership to the company, YOGESH KHARWADE ensures that the business is built on a solid foundation of financial discipline and operational excellence. Their complementary roles have allowed OPAL FURNITECH to thrive in a competitive industry, and their partnership has been key to the company's continued success.

Together, the brothers share a commitment to quality, sustainability, and customer satisfaction. Their collaborative approach to leadership has not only fueled the company's growth but also created a culture that values both innovation and practicality—two key pillars that define OPAL FURNITECH today

Modular Office Furniture Solutions

A Legacy of Excellence, Now with a Fresh Perspective

With over decades of innovation, design expertise, and market leadership, **OPAL FURNITECH** has been a trusted name in the manufacturing of high-quality office furniture. Today, we are excited to introduce **OFFICE CUBE**, a new venture that represents our commitment to meet the evolving needs of modern corporate environments.

At **OFFICE CUBE**, we bring forward a new dimension of modular office furniture designed for the future of work. Leveraging the foundation of **OPAL FURNITECH's** legacy, we offer a brand that is built on flexibility, sustainability, and cutting-edge design to create spaces that inspire innovation, collaboration, and productivity.

Our Story: From a Legacy of Quality to a Vision of the Future

For over a decade, **OPAL FURNITECH** has been an industry leader in the design and manufacturing of high-quality office furniture solutions. As workplaces evolve, so do the needs of businesses and employees. Today's workplace demands agility, functionality, and a focus on well-being and that's exactly what **OFFICE CUBE** delivers.

OFFICE CUBE is built with a deep understanding of these changes. We are redefining how offices are structured, bringing flexible modular solutions that not only maximize space but also foster collaboration and well-being. With **OPAL FURNITECH's** wealth of experience, we are poised to deliver tailored, scalable, and sustainable office solutions for today's corporate leaders.

Mission

"To empower businesses and individuals to create dynamic, efficient, and comfortable work environments through our modular furniture solutions, backed by our commitment to quality, reliability, and outstanding customer support."

Vision

"To revolutionize the way people work and live, by creating innovative, sustainable, and flexible modular furniture solutions that inspire productivity, collaboration, and well-being."

Why OFFICE CUBE?

1. **Heritage of Excellence**

Features & Benefits of Fusion Workstation

	Features	Benefits
1	Modular workstation.	Easy to shift from one place to another, all components can be removed and again re-assemble as required.
2	Fusion offers 3 systems combination : 60+60mm, 60+30mm & 30+30mm.	Wide Range to meet any office requirements.
3	The combination of 60+30mm offers more flexibility.	Space & cost saving system. Aesthetically perfect.
4	All the Connector Caps are Aluminium die casted.	Perfect match of powder coating shade with aluminium sections. Seamless finish as compared to ABS caps.
5	Caps are fixed to partition by screw under the trim.	No possibility to removal of caps.
6	One cap & pole for junctions like 2way, 3 Way & 4 Way.	Easy for Installation.
7	Variable height to step up & step down at junctions.	Design and Aesthetic Flexibility. Overhead filing cabinet and open shelves are possible with heighted partition.
8	Frame to frame junctions at multi level is possible.	No gap can be seen, perfectly aligned.
9	Every Single frame is made with top frame and end caps. All these frames joined together by connector at multiple levels.	More workstations can be installed.
10	Sliding Raceway Plate in top & Bottom Section.	Easy to remove and fix by electrician. No need of any skilled person to remove and fix the raceways. No chance of raceway plate coming out while unplugging the power socket.
11	Accessories rail: Aluminium extruded accessories rail can be offered with 60/30 mm frame.	Many accessories like penholder, paper and telephone tray, file holder can be mounted on rail.
12	Name Plate: Aluminium extruded name plate profile.	Name plate for Workstation User & Cubicle.
