COMPANY PROFILE

THE COMPANY WAS INCORPORATED IN YEAR 1995 AS PACKAGING PRODUCTS MANUFACTURER AND SUPPLIER.

TODAY COMPANY IS MAJOR MFR & EXPORTER OF EPE SHEETS, EPE LINERS, EPE RINGS, INDUCTION SEALING WADS, LAMINATION FILMS & ALUMINIUM SHEETS PRINTING.

The brand 'SURYA LINERS' is a well recognized closure sealing solution to the dairy, food, pharmaceutical, cosmetics, wine, alcohol, lubricants, agro chemicals and various other industries.

The company has a well equipped in-house R&D laboratory which nurtures innovation and constantly develops new products to meet the challenging needs of our customers.

OUR PRODUCTS

1. INDUCTION SEALING WADS - TWO TYPES

a) SINGLE PIECE INDUCTION WADS

It is a Multilayer Laminated Wads which provides temper Proof Solution & Seals with PET, HDPE, PP& GLSSS containers. This type of wad doesn't have any backing material and at time of Sealing it seals completely with Container without leaving any release inside the cap. It can be printed as per customer requirements.

b) TWO PIECE INDUCTION WADS

It is a Multilayer Laminated Wads which provides temper Proof solution & Seals with PET, HDPE, PP& GLASS containers. This type of wad has backing material (Board/EPE) and at time of Sealing Foil Laminate part seals with Container leaving a release inside the cap. It can be printed as per customer requirements.

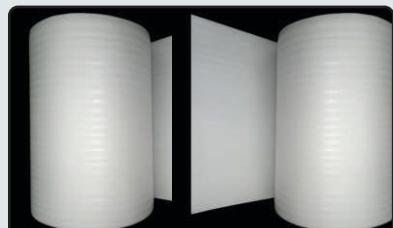

2. EPE LINERS

Our EPE (Expanded Poly Ethylene) Liner are Multi-layer co-extruded liners made with Latest Co2 Gas Foaming technology and available in various Sizes and in thickness Range 0.8mm to 3mm and Density Range 250 to 500 Kg/m3. These liners are Primary Used inside Metal or Plastic ROPP & Ro Caps to control Leakage, Moisture and Increase Self Life of products. We also offer LAMINATED/COATED EPE LINERS as per customer requirements.

3. EPE GASKETS (RINGS)

Gaskets & Rings are mainly used in Plastic Caps to control leakage & avoid Spillage through bottles and Containers. These Gaskets are offered as per Cap sizes and in thickness Range 0.8mm to 3mm, While density range can be 250 to 500 Kg/m3

4. EPE SHEETS

MULTI-LAYER EPE SHEETS in Range 0.8mm to 3mm & Various Density range can be supplied in Sheet or ROLL form as per customer requirements. These EPE SHEETS can be further laminated with PET, Poly, PVDC, Aluminiumetc to make Multi-layer Laminate as per customer requirements.
