ABOUT OUR **COMPANY**

BUILDING A BRIGHTER, GREENER INDIA

At Chatrapati Solar, we are driven by a singular vision—to make solar energy accessible, affordable, and transformative. As a government-recognized startup, we provide custom-engineered solar solutions across residential, commercial, and industrial segments.

Founded with the goal to contribute 1 GW of solar power to India's renewable landscape by 2025, we bring innovation, engineering expertise, and end-to-end execution to every project we undertake. We're MSEDCL empaneled vendor in Maharashtra.

We don't just power homes—we power change.

OUR TEAM & RECORDS

OUR TEAM MAKES US WHO WE ARE

- Skilled Employees- 28
- Vendor- 10
- Every team has 15 minimum various skilled labours
- Total- 178 person manpower available at Chatrapati renewables

OUR RECORDS:

1. ***A 2 MW ground-mounted solar project was successfully executed and completed within just one month, demonstrating our capacity to manage and deliver large-scale installations efficiently.***

2. ***Under the PM Surya Ghar Yojana, a small-scale rooftop solar system was installed from start to finish within 2 days, showcasing our expertise in rapid and reliable execution.***

OUR COMPLETED PROJECTS

MITHOON CHAKROBORTY (MITHOON DA) 40 KW WORK COMPLETED AT MADH ISLAND

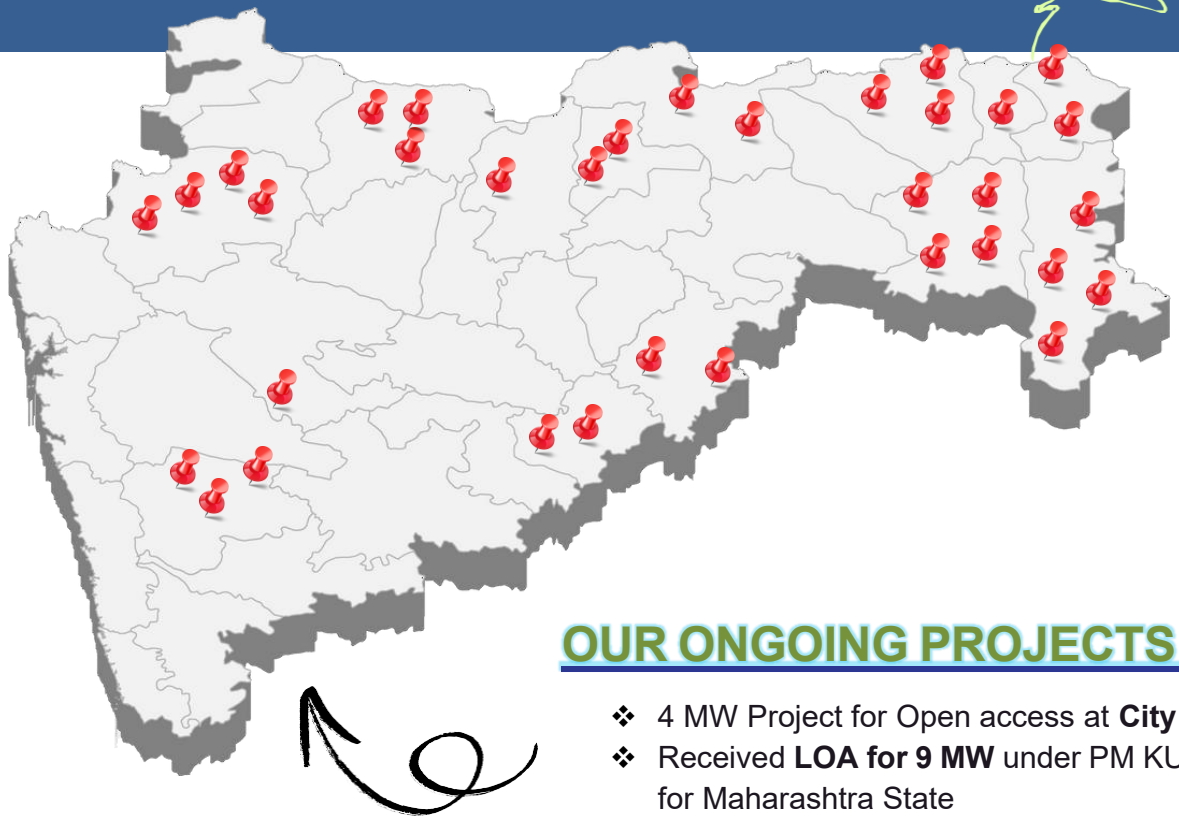

Client: Shri Mithun Chakraborty – Actor & Honourable Member of Parliament (Rajya Sabha)
Location: Private Residential Premises
Scope: Complete Residential Solar Installation

We had the honour of delivering a turnkey solar power solution for Shri Mithun Chakraborty's residence. Impressed by our technical capability and execution standards, he awarded Chatrapati Solar the complete project contract.

Our team successfully managed the project from site assessment to commissioning with precision and professionalism. As a token of appreciation, Mr. Chakraborty personally presented us with a Letter of Appreciation, acknowledging the quality and efficiency of our work.
This prestigious project stands as a testament to the trust leading individuals place in Chatrapati Solar for clean energy solutions.
