About Us

The business venture, **Columbus Electronics Private Limited** came into existence in the **year 1996** at **Chandigarh**. We are one of the most promising **manufacturer and supplier** of a wide assortment of **Electronic Equipment** such as **Power Supplies, Controllers, Recorders, Transmitters and Thermometers**. Our products are demanded and appreciated by the clients belonging from diverse industrial backgrounds for their premium quality standards and salient features like efficient operations, optimum performance, accurate results, high reliability and long service life. We design and develop these products as per the prescribed industrial guidelines. The wide range of products offered by us encompasses Humidity Sensor Transmitters, Portable IR Non-Contact Thermometers, Potentiometric Circular Chart Recorders, Potentiometric Strip Chart Recorders, Communication Controllers, Micro Processor Based Pid Controllers and Switch Mode Power Supplies. **We are looking for the queries from Chandigarh and near by area.** We are able to grow by leaps and bounds, under the astute leadership of **Mr. Rakesh Thakur (Director)**. His able and visionary guidance has always helped us serve the diverse needs and demands of our clients in most appropriate manner. He possesses vast industrial experience, which has constantly helped us improvise our business processes and handle the queries of our clients efficiently. With help of his progressive business...
