About Us

Iconic Radiology Services was established in 2018 with a vision to provide reliable radiology equipments solutions and technical support to healthcare institutions. Initially focused on CT Scan and MRI service support, the company later expanded into refurbished machine sales and project solutions. Today, we serve hospitals and diagnostic centres with quality refurbished imaging systems and technical expertise.

Iconic Radiology is a result of a dream of experienced professionals from the Healthcare Device Industry. The intelligence, imagination, knowledge, education and experience of the promoters create the mission for the organisation and it is the wisdom and effectiveness of the corporate personnel which translates their vision into reality and converts the resources into results.

Our team sets limit to what can be attained bring the plans into effectiveness and translate the actions into results. Our people understand their respective professional dimensions of work and the proper way to treat people who report to them. Our team work with Dedication, Devotion, Determination, Dynamism, Discipline & Direction.
