

More Productive
More competitive
Enhanced ROI

AUTOMATIC
**COMPRESSOR/
RECEIVER TANK**
WELDING SPM

Robologic

www.robologic.co.in

Key Features

PLC HMI control
with all standard
Welding functions

Double gearbox with
AC Motor and Drive
which increase output
torque and reduce noise

Heavy duty LM rail
allows Smooth
operation & reduce
maintenance

Precision Linear Travel
with servo motor
and LM guide

Heavy duty fabrication
to reduce vibration
leads to superior
welding quality

Suitable for
Long seam and
Circular seam

UNMATCHED IN OFFERING

- CONSISTENT WELD BEAD
- REDUCE SKILL DEPENDENCY
- USER FRIENDLY FUNCTIONS
- SUITABLE FOR MIG/TIG/SAW
