

# **CORPORTECH INDUSTRIES**

**An ISO Certified Company**

- ❖ **Manufacturer of All types of Springs ,  
Insert wire & wire forms products.**
- 
- 

# AGENDA / CONTENTS

# INTRODUCTION

CORPORTECH  
INDUSTRIES

- 35 Kms from , Lohegaon, Airport Pune.
- 145 Kms from JNPT Shipping Port Mumbai.

## Establishment

- Year of Establishment - 2022

## Products

- Compression Spring, Extension Spring , Torsion Spring , Fire Safety Pins , Wire Forms

## Core Strength

- Our wire bends, pipe bending, and springs are made from genuine materials for excellent performance.

## Sectors we can cater

- Automotive , Electric , Medical Industrial , E-Mobility , Power Tools , Consumer Goods ,etc

## Certifications

- ISO 9001 : 2015 Certified Company

## Location

- Facility in Pune Maharashtra. Nearest sea port - Mumbai Port ( 3hrs, 145 kms).

# CORE TEAM & VALUES

## CORE TEAM

## OUR VALUES

# VISION / MISSION

## VISION

To become the leading global company in the manufacturing and supply of all types of springs

## MISSION

To manufacture springs and wire bends with world-class quality that precisely meet the diverse requirements of customers worldwide within agreed timelines.

# OUR VALUES

# PRODUCT CAPABILITIES

## Compression Springs

Wire Diameter :- Range 0.1mm to 18mm  
Material :- As per customer requirement

# PRODUCT CAPABILITIES

## Extension Springs

Wire Diameter : Range 0.25mm to 10mm  
Material :- As per customer requirement

# PRODUCT CAPABILITIES

## Torsion Springs

Wire Diameter :- Range 0.1mm to 8mm  
Material :- As per customer requirement

# PRODUCT CAPABILITIES

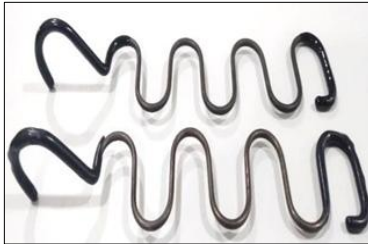

Fire Safety  
Pins

# PRODUCT CAPABILITIES

## Wire Forms

Wire Diameter :- Ranges from 2mm to 10mm  
Material :- As per customer requirement

# PRODUCT CAPABILITIES

## Wire Forms

# MANUFACTURING CAPABILITIES

2D Wire Bending Machine- 1) Range- 2 to 8 mm (2 machines)

Spring Grinding Machine-

- 1) Range- 0.50mm to 4.00mm (1 machines)
- 2) Range- 4.00mm to 12.00mm (1 machines)

3D Wire Bending Machine-

- 1) Range- 2.0mm to 6.00mm (1 machines)
- 2) Range- 2.00mm to 10.00mm (1 machine)
- 3) Range- 4.00mm to 10.00mm (1 machine)
- 4) Range- 4.00mm to 10.00mm (1 machine)

CNC Spring Coiling Machines-

- 1) Range- 0.15mm to 1.2mm (1machines)
- 2) Range- 1.00mm to 3.00mm (1 machines)
- 3) Range- 2.80mm to 5.00mm (1 machines)
- 4) Range- 5.00mm to 10.00mm (1 machines)

# QUALITY ASSURANCE & CERTIFICATION

ISO  
9001:2015

# QUALITY POLICY

- 1) Fully equipped in-house testing Quality Lab,
- 2) RM Full proof FIFO System implemented
- 3) RM Auto loader system install on each machine

# PRODUCT WITH GAUGE GALLERY

# OUR VALUABLE CUSTOMERS
