

ABOUT US

An ISO 9001:2015 and BIS/ISI certified company Mahadev Industries is one of the leading Steel Wire Rope manufacturer in India. Mahadev Industries has won recognition from lot of its users/departments/testing institution/customers.

Mahadev Industries has in-house production plant and in-house testing facilities to ensure that everything is up to the mark of specified standards. This self-assurance comes from strong infra structural and technological capabilities. It has state of art machineries and fully equipped testing labs for continuous process-testing from raw material to finished goods according to National and International Standards and for this we can say rather we are proud of having breaking load capacity of 300 M.T. with crimping machine upto 2000 M.T. and to complement it further there is an in-house test laboratory having a full range of facilities for chemical analysis and mechanical testing of wire, wire ropes and other allied articles/accessories. Highly skilled workforce reflects Mahadev's commitments to continuously serve its customers and to produce high performance and cost effective.

Mahadev Industries presents a myriad possibilities in steel Wire Rope used for different purpose like General Engineering. Oil Well and Oil well drilling, Shipping, Suspension Bridges, Cranes, Elevators, Automobiles, Winches, Mining, Man riding Haulage, Haulages, Suspended platform, Compacted powerform wire rope for Piling Rigs and Special Nylon Coated Gym Wire Rope, Stainless Steel wire rope and even any other critical requirement.

We are proud by saying we have supplied Mahadev material to various Government, Semi-Government, Railway, P.W.D., Irrigation, Power Generation Houses, Ground Water Boards, relevant testing institutions. Our devoted marketing team has only one dream of feeding and serving all the department and user of Steel Wire Rope with endless targets.

Mahadev Recognition and Customers:- RDSO, BHEL, NTPC, ONGC, SAIL, Visakhapatnam Port trust, Shipping (Dredging Corporation of India Limited) & L&T etc.

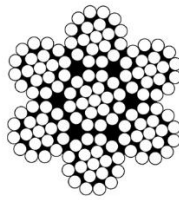

We Make & introducing here "MAHADEV BRAND" Steel Wire Ropes & Slings. And We lead here Last 32 Years in this field and committed for making world class wire rope & heavy duty performance day by day with our team. One of the largest growing industries in this field with all Government & Pvt. Sectors.

Our Specialization in Manufacturing All Types of Wire Ropes (Starting Dia 0.5mm to 80 mm) in any construction:-

- Specialized in marine, oil and gas, and heavy industrial pulling environments Wire Ropes Construction **6X19M (12/6-1)** having all sizes.

Steel wire rope (6x19)

6x19(12/6-1)

Heavy Crane

- Specialized in EOT Crane Wire Rope Construction 6X36 SW (14-7+7-7-1) having all sizes.

Steel wire rope (6x36)

6x36(14-7+7-7-1)

EOT Crane

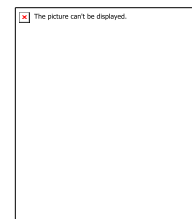

- Specialized in Elevator Wire Rope construction 8x19 S (9-9-1)

Elevator

8x19S(9-9-1)

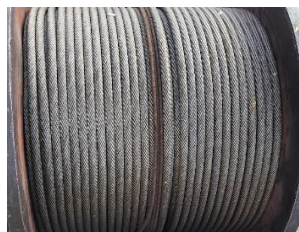

Elevator wire rope

- Specialized in Piling Wire Rope construction 34x7(6-1) , Compacted Power form

Piling M/C

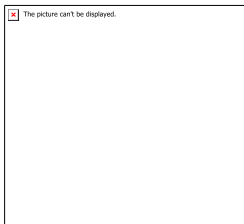

34x7(6-1)

Piling M/C

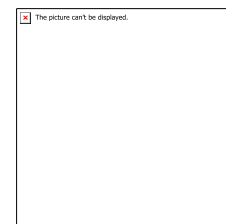

- Specialized in Cradle Wire Rope Construction 4x31 Galvanized, having Dia. 8.3mm, 8.6mm, 9.1mm, 10.2mm (**Compacted**)

Cradle

Cradle Wire rope (4x31)

- Specialized in Different Type of Wire Rope Slings.-
(All Types i.e. Soft Eye & with all type of end fittings, mechanically Spliced with Aluminum ferrule, Endless Wire Rope Slings & Hand Spliced Wire Rope Slings).

Multi Slings

4 Leg Wire Rope Sling

Hand Spliced Sling

- Specialized in PVC Coated Gym Wire Rope:
 - Special Gym Wire Rope (3 TO 5 MM & 4 TO 6 MM): It is designed for the use of gym cable machine. Robust strength of the steel core wire rope giving it a promising life span whereby the 6x19 construction of wire strand extends the flexibility while engaging with multiple pulleys.

PVC Wire Rope
