

A Complete Concrete Solution It Easy For Your Business

- Construction Chemicals & Waterproofing System
- Core Cutting & Anchoring
- Epoxy Flooring & Coating
- Rehabilitation of Structures
- Painting and Texture Service
- Coating for Metal & Concrete Structures

Hi there!
**We will bring
your ideas to
life!**

About Us

Since 2014, DOLFIN PROJECTS is engaged in providing various kind of civil construction services that include civil construction work, civil engineering services & infrastructure development services.

Further, we provide one-stop platform to solve problems in construction field such as Epoxy Flooring, Epoxy Coating, PU Coating, PU Flooring, Anti-Skid Flooring, Core Cutting, Water Proofing, Construction Chemical, Anchoring, Rebar Fixing, Wall Saw Cutting, Grouting, Admixture, Water Proofing Admixture, Polysulfide Sealants, PU Sealants, Structure Strengthening, False Flooring & False Ceiling.

Today, we are the preferred agency with over 232 satisfied customers. We offer,

COMMERCIAL CONSTRUCTION

We provide a number of commercial flooring service including hospitals, hotels, offices, shop stores and schools.

RESIDENTIAL CONSTRUCTION :

DOLFIN PROJECTS is a company that prides itself on providing floors that both look great and stand the test of time

Our Expertise & Knowledge

By combining civil design experience with construction management solutions, DOLFIN PROJECTS has the knowledge to handle all of your infrastructure needs!

Our Service

To be the leading professional solution provider for all the issues pertaining to repair and rehabilitation of reinforced concrete structures, in an Ethical & efficient manner, through our long standing experience in the field of specialized civil Engineering Industry.

Our Values

- To enhance the quality of constructions
- To serve with best value for money
- Serve with an environment of professionalism, team work and excellence
- To enhance customer value
- To acquaint client with residential and commercial projects of standards
- To respect an environment of professional team, work and excellence

Our Service

LEADING THE WAY THROUGH TECHNOLOGY AND INNOVATION

“**DOLFIN PROJECTS**, is a company that would consciously like to channel its resources, energy and activities towards building a world that is free of low standards

OUR CLIENTS & PROJECTS COMPLETED IN LAST 4VRS

- + ADANI POWER & ADANI WEST PORT LTD.
- + PIRAMAL GROUP.
- + GUJARAT FOODS.
- + ANJ CREATIONS.
- + MANKIND PHARMA
- + SEEMA LABORATORY
- + ADITYA PHARMA.
- + DHOLERA SIR.
- + TATA MOTORS.
- + SNOWMAN LOGISTICS
- + IIT GHANDHINAGAR
- + RENUKA SUGAR PVT. LTD.
- + P&R INFRA PROJECTS.
- + INDIAN RAILWAYS.
- + MONTE CARLO HOUSE
- + KATIRA CONSUTRUCTION
- + PATANJALI
- + PRAKASH FOODS
- + ULTRATECH LIMITED
- + AMBUJA CEMENT
- + ADANI PORT LTD.
- + NHAI PROJECTS
- + MOTERA STADIUM
- + FORD MOTORS
- + AIRPORT AUTHORITY
- + ISGEC
- + YAZAKI STEEL
- + HINDUSTAN RMS
- + SANGATH IPL PVT LTD
- + PATEL INFRA PROJECTS
- + GOYAL AND COMPANIES.
- + KUNAL INFRA PROJECTS PVT LTD.
- + REVA INFRA STRUCTURE
- + RITES
- + FEDERAL BANK
- + N.B.H.C.

COATINGS FOR METAL & CONCRETE STRUCTURES

A variety of factors influence concrete behaviour. These factors include: deign, materials, construction, service loads and service conditions. Most of the behaviours are a combination of these factors working together. Concrete repair is a complex process, presenting unique challenges very different from those experienced in the field of new concrete construction. Concrete repair must successfully integrate new materials with old materials, forming a composite capable of enduring the exposure of use, the environment, and time.

- + Food Grade Internal Epoxy Coating for Pipe Lines and Water Tanks
- + High Performance 100% Solid PU/Epoxy Coating And Polyuria Coating
- + UV Resistance, Chemical Resistance Epoxy Coatings
- + Surface Tolerant Epoxy/EPU/PU Primers & Sacrificial Zinc Rich Primers

CONSTRUCTION CHEMICALS

Construction Chemicals, as the name suggests are the chemical compounds used in construction activities, be it residential, non-residential or non-building. These compounds belong to niche speciality segment of the chemical industry and can be used either in existing construction projects to impart durability and strengthen the structures. Construction chemicals are essential for high quality concrete and for promoting the improvement of concrete performance. They also increase the life of construction work and impart additional protection from environmental hazards.

- + Admixtures, Super Plastixsizer, Plastcizers
- + Curing Compound
- + Water Proofing Additives.
- + Add Modified Membranes
- + Epdm Membranes
- + Polyurethanes and Poly Sulphide Sealant
- + Coal Tar Based Protective Coatings
- + Water Proofing Membranes
- + Repair and Rehabilitation
- + Anti-Carbonation Coatings
- + Roofing Products
- + Non Shrink And Epoxy Grouts
- + Sealing And Bonding Material

REHABILITATION OF STRUCTURES

A structure, when it is constructed, has generally got a service life. The service life is dependent on the quality, workmanship of the construction and various other factors including materials components etc. A building or a structure can exhibit early deterioration signs due to reasons like bad workmanship, lower degree of adherence to the specification if materials and the general guidelines of construction procedures. Other reasons could be harsh service environment of which a structure is exposed due to change in surrounding environment, and physical damage due to fire, explosion or earthquake. These reasons reduce the service life of a building.

- + Grouting
- + Jacketing Work With Microconcrete
- + Epoxy Mortar Application
- + Carbon Fiber Wrapping
- + Glass Fiber Wrapping
- + Polymer Modified Cement Mortar Application
- + Epoxy Injection Grouting

Our Service

LEADING THE WAY THROUGH TECHNOLOGY AND INNOVATION

WATER PROOFING SYSTEM

Water proofing systems are designed to protect concrete from the intrusion of liquids into or through. concrete, cracks and in some cases joints. Typical system used include preformed sheet materials and liquid applied materials. **DOLFIN PROJECTS** carries out waterproofing to both new and existing structures.

- + Add Modified Membranes
- + Liquid Applied Membranes
- + Epoxy And Polymer Based Injection Grouting
- + Water Proofing of Underground Structures, Basement, Terrace with various methods
- + Acrylic and Polymer based water Proofing Treatments
- + Exterior Damp Proof Coloured and Clear Coating
- + Moisture Repellants
- + PU and Coal Tar Based Coating
- + Moisture Insensitive Epoxy Based Putties
- + Food Grade Water Proofing Coating for Water Tanks & Swimming Pools

EPOXY FLOORING & COATING

Floors in industrial plants are protected using Epoxy, Polyurethane concrete and other aggregate filled flooring systems. Due to their aggregate component most industrial flooring systems are trowel applied, slurry applications, or a broadcast system. In addition to the aggregate contained in the mixed product, the freshly installed flooring surface can be seeded with sand for slip resistance.

- + Solvent Based Acrylic System
- + Solvent Based Epoxy Floor Coating
- + Solvent Based Resin Electrically Conductive Coating
- + Solvent Free Anti-Static Floor Coating
- + Multi Layer Floor Coating
- + Self Leveling Epoxy Floor System
- + Heavy Duty Epoxy Mortar Floor System
- + Epoxy Tile Adhesive And Grouting
- + Electrostatic Coating
- + Polyurethane Medium/Heavy Duty Floor Mortar System

CORE CUTTING & ANCHORING

A core drill can penetrate various surface types. It can cut cement, wood, rocks and Ice. It pushes through the surface with a twisting motion to create the hole. A different drill bit needs to be installed for each surface to allow for the best performance.

- + Concrete Core Cutting
- + Concrete Wall Saw Cutting
- + Chemical and Mechanical Anchoring
- + Rebar Fixing
- + Grove Cutting
- + Concrete Breaking

Office Address

504- City Center C1
Opp. Sukhan mall Science City Road Sola,
Ahmedabad-380060, Gujarat

Warehouse Address

Godown No-16, Chehar mata estate,
Near Prachi Gasoline Petrol Pump
Gota Gam, Gota Chandlodia Road,
Ahmedabad-382481, Gujarat
