

# LUXES DOT FLOOR FINISH

## Product Profile

## ■ Luxes Cement Dot Floor Finish

Luxes Dot Floor Finish is a decorative cement-based coating that offers a terrazzo-like aesthetic for floors. This exposed aggregate finish features natural stone particles providing non-slip surfaces. Available in various colors and patterns, it allows for customization to match diverse design preferences.

The finish is applied at a thickness of 5-6 mm and covers approximately 1.3 to 1.5 square meters per 25 kg pack. Its robust composition ensures longevity and resilience, making it ideal for high-traffic areas.
