CATALOGUE 2025

**EXPERIENCE UNMATCHED DURABILITY
WITH OUR WIDE RANGE**

Signature | BLDC | Premium | Popular | TPW | Lifestyle | Exhaust

If you let your dreams be,
they will remain dreams.

If you don't fuel your ambition,
It won't be more than a passion.

So, let's pull ourselves up and stand free.
Cause if life is tough, then so are we.

Day after day, night after night,
We're built to play.
We're built to fight and we're

BUILT TO BE UNSTOPPABLE

WHAT MAKES BAJAJ FANS SO DURABLE?

The secret behind the legendary Bajaj durability is a simple insight:

**You don't give up.
So why should your fan?**

Scan here to know more about ThermaTuff™ Technology**

** , ^ , # T&C apply. For detailed Terms & Conditions, please refer to page no. 172 to 174

**3-YEAR
PRODUCT
WARRANTY**

**ThermaTuff™
Technology****

AutoHeal™ Capacitor^
(1.5X Longer Warranty)

Our capacitor comes with the smart ability to fix itself, so it outlasts and outlives regular capacitor.

Corrosafe™ Lacquer^^
(Anti-corrosive protection with 1.5X Longer Warranty)

Our motor comes with Anti-corrosive Lacquer for longer motor life.

SurgeProtekt™ Motor
(Surge Protection upto 5kV#)

**5-YEAR
PRODUCT
WARRANTY**

SelfGuard™ Capacitor+
(2.5X Longer Warranty)

Our capacitor comes with the smart ability to fix itself, so it outlasts and outlives regular capacitor.

DuraCoat™ Copper
(2.5X Longer Warranty)

Our fans have a dual coat copper wiring, thus resulting in longer motor life.

SurgeProtekt™ Motor
(High Voltage Surge Protection upto 4kV~)

FierroShield™ Bearing
(2.5X Longer Warranty)

The capacity of our FierroShield™ Bearing to handle exceedingly high heat leads to longer life.

Corrosafe™ Lacquer##
(Anti-corrosive protection with 2.5X Longer Warranty)

Our motor comes with Anti-corrosive Lacquer for longer motor life.

SumoTuff™ Blades-
(Consistent Air Delivery with 20% Thicker Blades)

**BAJAJ FANS ARE SUPER TOUGH AS THEY ARE
BUILT TO ENDURE AND BUILT FOR LIFE**

BLDC FANS

**UNSTOPPABLE.
ENERGY EFFICIENT.
LONG LASTING.**

When you buy a Bajaj BLDC fan, you're investing in a product that doesn't just save your money, it helps save the environment too. At the heart of their functionality is a Brushless Direct Current which smartly and efficiently moves the motor unlike in regular fans. Less moving parts, less friction, less wear & tear, less noise – and obviously a reduced electricity footprint; resulting in nothing but great savings!

CEILING FANS-BEE RATING

Mandatory star rating is applicable from 1st Jan 2023 in Ceiling Fans Sweep Sizes (in mm) - 900, 1050, 1200, 1400 and 1500 produced in India and must carry minimum 1 Star Label.

For Ceiling Fans of Sweep Size less than 1200mm, the star levels shall be-

Star Levels	Rated Service Value (Cubic meter per minute/watt)
1 Star *	≥ 3.1 to < 3.6
2 Star **	≥ 3.6 to < 4.1
3 Star ***	≥ 4.1 to ≤ 4.6
4 Star ****	≥ 4.6 to < 5.1
5 Star ****	≥ 5.1

For Ceiling Fans of Sweep Size greater than or equal to 1200mm, the star levels shall be-

Star Levels	Rated Service Value (Cubic meter per minute/watt)
1 Star *	≥ 4.0 to < 4.5
2 Star **	≥ 4.5 to < 5.0
3 Star ***	≥ 5.0 to < 5.5
4 Star ****	≥ 5.5 to < 6.0
5 Star ****	≥ 6.0

TABLE WALL PEDESTAL FANS

**Effortless Airflow,
a Serene Vibe for Your Space**

WHAT MAKES BAJAJ FANS SO DURABLE?

The secret behind the legendary Bajaj durability is a simple insight:
You don't give up. So why should your fan?

5 YEARS COMPREHENSIVE PRODUCT WARRANTY

FierroShield™ ZZ Dual Ball Bearing**
(2.5X Longer Warranty)

Our dual ball bearing's capacity to handle exceedingly high heat ensures quiet, efficient motor operation, delivering uninterrupted performance and extended lifespan without noise.

DuraCoat™ Copper Motor##
(2.5X Longer Warranty)

Our fans have a dual coat copper wiring, thus resulting in longer motor life.

ThermoSafe™ XL Bush Bearing[®] - 50% Extra Motor Warranty

Act as heat-absorbing cushion, reducing heat generated during motor operation for optimal functioning.

RibbedTuff™ZZ Blades

Better dimensional stability with added ribs for consistent air delivery and better peak air velocity.

SurgeProtekt™+++ - Voltage Protection upto 4kV

Provides voltage protection, acting as a barrier against harmful spikes, capable of handling up to 4,000 volts (4kV).

**^,##^T&C apply. For detailed Terms & Conditions, please visit page no. 172 to 174

DuraBREEZE™ Pro Technology⁺

3 YEARS COMPREHENSIVE PRODUCT WARRANTY

Get the unrivaled durability of Durabreeze™ Technology^{***}, coupled with the extra resilience of SumoTuff™ ABS Blades, ensuring exceptional air delivery.

SumoTuff™ ABS Blades⁺⁺ - Consistent & Higher Air Delivery with 30% Heavier Blades

Made from durable ABS material, they stand out for their 30% heavier weight compared to regular fan blades ensuring efficiency, durability and delivering a refreshing breeze.

DustGuard™⁺⁺⁺⁺ - 50% Extra Motor Warranty

Shields motor bearings from dust, ensuring a clean, efficient, and prolonged motor life even in dusty environment.

LubriGuard™^{\$\$\$} - 50% Extra Motor Warranty

Long-lasting lubricant that minimises wear and tear, promoting smooth motor operation for reliable, worry-free performance.

ThermoSafe™ XL Bush Bearing[®] - 50% Extra Motor Warranty

Act as heat-absorbing cushion, reducing heat generated during motor operation for optimal functioning.

SurgeProtekt™⁺⁺⁺ - Voltage Protection upto 4kV

Provides voltage protection, acting as a barrier against harmful spikes, capable of handling up to 4,000 volts (4kV).

DuraBREEZE™ Pro Technology^{***}

3 YEARS COMPREHENSIVE PRODUCT WARRANTY

3 Years product warranty reinforced by a powerful motor with high voltage protection and a trio of durability features.

DustGuard™⁺⁺⁺⁺ - 50% Extra Motor Warranty

Shields motor bearings from dust, ensuring a clean, efficient, and prolonged motor life even in dusty environment.

LubriGuard™^{\$\$\$} - 50% Extra Motor Warranty

Long-lasting lubricant that minimises wear and tear, promoting smooth motor operation for reliable, worry-free performance.

ThermoSafe™ XL Bush Bearing[®] - 50% Extra Motor Warranty

Act as heat-absorbing cushion, reducing heat generated during motor operation for optimal functioning.

SurgeProtekt™⁺⁺⁺ - Voltage Protection upto 4kV

Provides voltage protection, acting as a barrier against harmful spikes, capable of handling up to 4,000 volts (4kV).

DuraStorm™ Technology^{+∅}

3 YEARS COMPREHENSIVE PRODUCT WARRANTY

Experience high-speed innovation with a unique blade system, bolstered by the enduring durability of Durabreeze™ Technology^{***}

FierroShield™ ZZ Ball Bearing[®] - 50% Extra Motor Warranty

Ball bearings ensure quiet, efficient motor operation with extended life, delivering uninterrupted performance without noise.

Thermasafe™ Lubricant[∅] - 50% Extra Motor Warranty

A high-temperature-resistant potion for motors, provides exceptional thermal stability for optimal performance.

SurgeProtekt™⁺⁺⁺ - Voltage Protection upto 4kV

Provides voltage protection, acting as a barrier against harmful spikes, capable of handling up to 4,000 volts (4kV).

SureTuff™ Blades - Better Dimensional Stability

With superior dimensional stability, they maintain perfect shape under various conditions, ensuring consistent and reliable performance.

Sweep stakes: How the 'sweep' of your fan makes a difference?

The 'sweep' of a fan is determined by taking the distance from the edge of one blade to the centre of the motor and then doubling that number. For example, if the distance between the edge of one blade and the centre of the motor is 24", you would have a 48" (equals to 1200 mm) (24" x 2 = 48") sweep ceiling fan. The length of the sweep determines the amount of air that a given fan is capable of churning.

You should ideally choose a sweep depending upon the size of your room. A larger room requires a fan with a longer sweep to keep it cool, whereas a smaller room can be effectively cooled with a fan of a shorter sweep.

How to calculate the ideal sweep for your room:

- Find out the prospective fans' sweep in millimeters and multiply it by 2
- Now match the figure against the table below to find the perfect fan for your room

Size of the room	Fan sweep in mm
Upto 10' x 10'	900 or 1050
10' x 10'	1200
10' x 12' or 12' x 12'	1400
More than 12' x 12'	2 or more fans recommended

Tips to get the most out of your ceiling fan:

- The room should ideally be well-ventilated (there should be an open window or door)
- The gap between the ceiling and the blades should be at least 1 feet
- The fan (blades) should be at a height of 8 feet from the floor
