

FULLY AUTOMATIC NITROGEN TYRE INFLATOR

FEATURES

- ➔ The Fully Automatic FS 4000L Air Inflator is engineered for precise and automated tyre inflation, ensuring efficiency and accuracy in automotive workshops. With a built-in electric control vacuum device, it optimizes the inflation process, while the 10M high-pressure charge hose provides flexibility and convenience for seamless operation.
- Built-in electric control vacuum device
- 10M high-pressure charge hose

TECHNICAL DETAILS

- ➔ Power - 60 W
- ➔ Vehicle Applicable - Two, Four Wheeler
- ➔ Power supply - 220V, 50 Hz
- ➔ Max Compressed air pressure - 145Psi/ 10bar / 10Mpa
- ➔ Nitrogen Purity - 95 – 99%
- ➔ Nitrogen Capacity - 75 L
- ➔ Nitrogen Producing Speed - 66 L/Min
- ➔ Output Nitrogen Pressure - 58-87 Psi/ 4-6Bar / 4-6Mpa
- ➔ Gross Weight - 194 Kg
