ABOUT US

From the start, Pressfit's vision has been simple and powerful: To become the brand people think of when they need an electrical product.

Today, we are the country's foremost manufacturer of electrical accessories. We create the electrical solutions you need in your homes and offices: from pipes to wires to switches to circuit breakers, and much, much more.

From small beginnings in a workshop processing PVC compounds, Pressfit has grown to a company with more than 7000 SKUs and a pan-India sales and distribution network.

We are driven by the urge to improve and innovate in our state-of-the-art manufacturing plants, with quality management systems that are second to none.

Our experience of over three decades and our unmatched expertise enable us to develop innovative and efficient products for all interiors.

Each of our products is crafted for performance and quality at prices that are more reasonable than you'd expect.

Our wide range means you're sure to find the right solution, with designs that range from the modern to the traditional.

Welcome to Pressfit.
Welcome to quality, affordability, and trust.
