

Kidney Stones Damage...

Recurrent stones will increase the damage...

CITRAPOT

Potassium Citrate 1100 mcg. + Citric Acid 334 mg. Solution

Increases the level of urinary citrate and urinary pH

Alkalinizes the urine and solubilizes urine calcium

Prevents formation of calcium oxalate and uric acid stones

Reduces pain and burning during urination

Protects patients against recurrent stone formation

CITRAPOT

Reduces Stone Formation...

Reduces Damage

The Double Trouble of Menorrhagia

Excess Bleeding Increased pain...

Needs Dual Power

CLOTRAN-MF

Tranexamic Acid 500 mg. + Mefenamic Acid 250 mg. Tablet

Controls Bleeding & Pain

TRANEXAMIC ACID : (A Powerful Anti-fibrolytic Drug)

- * Blocks fibrin degradation in uterus during leuteal phase
- * Controls bleeding effectively
- * Most Effective first-line drug for menorrhagia

MEFENAMIC ACID : (A Powerful inhibitor of Uterine Prostaglandins)

- * Inhibits cox enzymes
- * Significantly reduces vasodilating PG'S in uterus
- * Reduces blood loss significantly

USEFUL IN :

- * Menorrhagia
- * Ante/Post Partum Haemorrhage
- * Abdominal / Vaginal Surgery
- * Endometriosis & Adenomyosis
- * Bleeding Associated with fibroids

CLOTRAN-MF

For Powerful control in Painful bleeding condition

Refresh your Baby with ...

Cute & Beauty

Aloevera Ext. + Silicone Oil + Glycerine +
Tocopheryl Acetate + Light Liquid Paraffine +
Poly Ethylene Glycolate + Perfume

BABY SOAP

- Protects & Maintains the membrane integrity in both mimetic membranes and intra cellulose organelles of skin cells.
(Photochem, photobiol sci. 2016 Marg, (15 | (3) : 334-50)
- Effectively tackles the problem of body odour
- Cute & Beauty is an effective humectant and moisturizes the skin while keeping it hydrated
- Highly suited for Children and Infants

DRF
BEAUTY

Useful in :

- * **Maintainance of General Skin health** * **Infants & Perdiatrics**
- * **Soft & Skin Smooth Skin** * **Dry & Rough Skin** * **Daily use**

**Get a Lasting relief
from spasmodic Pain**

CYCLOMIC

Dicylomine 10 mg + Mefenamic Acid 250 mg. Tablets

Dicylomine :

- * Dicylomine is an anticholinergic medicine that reduces the effect of acetylcholine, a chemical released from nerves that stimulates muscles by blocking the receptors for acetylcholine on smooth muscle

Mefenamic Acid :

- * Inhibits the enzyme cyclo-oxygenase & reduces the formation of prostaglandins
- * Provides excellent analgesic & Anti inflammatory action

Mefenamic Acid + Dicylomine Combination put together

- * Effectively resolves spasm of smooth muscle thus pain & associated symptoms
- * Offer combined dual analgesic effect
- * Resolves uterine contraction, reduces blood loss
- * Promptly relieves myometrial spasm
- * No adverse side effects

Indications

Spasmodic Pain

Epigastric Pain

Dysmenorrhoea

Acute Renal colic/biliary colic/intestinal colic

Freedom from pain & Spasm

*Give Good smile to Child by giving
freedom from the Gripe of Colic Pain*

Powerful Cox-2 Inhibitor in moderate to severe pain...

ETOXA-90

Etoricoxib 90 mg Tablets

TRDNL
ETXA

- Highly selective Cox-II inhibitors
- Superior gastrointestinal tolerability
- Effective in osteoarthritis(OA) pains than diclofenac
- Delievers rapid & powerful relief of excruciating pain with anti inflammatory power similar to indomethacin in acute gouty arthritis

Use in :

**GOUT SPONDYLITIS OSTEOARTHRITIS
RHEUMATOID ARTHRITIS ACUTE LOW BACK PAIN
POST SURGICAL PAIN MANAGEMENT**

Also Available :

ETOXA-TH

Etoricoxib 60 mg. + Thiocolchicoside 4 mg. Tablets

Restores Feminine Natural Rhythm...

In Modern days, The MISSING DAYS
in married women creates Tension & Anxiety

R_x Femensis

Natural Menstrual Cycle Regulator

Initiates Menstruation... Regulates Cycle

Indicated in

- Oligo menorrhea
- Primary and secondary amenorrhea
- Irregular periods
- Menorrhoea
- Irregular Menstruation
- Painful Dysmenorrhoea

Dosage :

In primary amenorrhoea 2 t.d.s. for two days and to be repeated after 10 days till menstrual flow starts. In secondary amenorrhea, two capsules three times a day to be followed with two capsules b.i.d.

Prevent asthmatic symptoms associated with allergy....

FENATIL-M

(Montelukast 10 mg + Fexofenadine 120 mg Tablets)

Montelukast :

- Selective Leukotriene receptor antagonist, acts by blocking Cys LT₁ receptor.
- Prevents airway oedema as well as bronchial smooth muscles contraction.

Fexofenadine :

- Second generation anti-histaminic.
- Reduces effects of natural histamine in the body.

Combination Effects :

- Better symptomatic relief
- Reduces bronchoconstriction
- Prevents airway oedema
- Less drowsiness

Indications :

- *Allergy induced - Asthma*
- *Seasonal Allergic Rhinitis*
- *Perennial Allergic Rhinitis*
- *Seasonal Allergies (Hay fever)*

- * **Much Improves hardness**
- * **Smooth blood flow to the urinary Organs**
- * **Provides outstanding control and stamina**
- * **Increased confidence and sexual chemistry**
- * **Supplements to bring back lost stamina and desire.**

Indications :

- **Solves erectile problems**
- **Increases the volume of ejaculate**
- **Faster recovery for second orgasm**
- **Improves the semen quality**
- **Increases sperm count**
- **Controls premature ejaculation**
- **Promotes general well being and vitality**
- **Increases libido**
- **Increases sexual confidence**

Specifically Formulated to Treat Aid Female Infertility

Inositol, PABA, L-Arginine, Biotin,
Lycopene, Multivitamins,
Multiminerals with Folic Acid Tablets

FerTreat-F

Tablets

MULTI VITAMINS & MULTIMINERALS & LYCOPENE :

- Crucial in male & female fertility
- Useful for women with short luteal phase and low progesterone levels
- Enhances ovulation occurrence
- Regulates quality of cervical mucus
- Enhances chances of fertilized eggs implantation
- Increases the sperm life span in the female body

INOSITOL :

- Promote ovarian function and cycle regularity in women & PCOS

PABA :

- Stimulates the pituitary gland, which is useful element for women who have trouble in conceiving
- Increase the ability of estrogen production thus by increasing the level of fertility in women

L-ARGININE :

- Improves production of cervical mucus
- Strengthens immune system
- Prevents uterine fertility issues e.g. fibroids, endometriosis & PCOS

BIOTIN

- Boost up feminine reproductive system
- Plays a key role in reproductive health and in early fetal development

FRTRT-M
FRTRT-F

**Boost fertility and
help your patients
to get pregnant
without invasive infertility**

In the Management of Male Infertility

FerTreat-M TABLETS

Ubiquinol Acetate, L-Carnitine L-Tartrate,
Astaxanthin, Lycopene with Zinc Tablets

UBIQUINOL ACETATE :

- Considered as a most powerful anti-oxidant form of Co-Q10
- Improves egg quality and reverse some age related infertility

ASTAXANTHIN

- Enhances reproductive health
- Stabilizes blood sugar
- Improves male fertility by increasing sperm strength, quality, motility and sperm count
- Improves endurance
- Reduce oxidative damage to DNA
- Reduces Pain-Astaxanthin block COX2 enzyme. Which may be potentially supportive for reproductive organ pain

L-CARTININE L-TARTRATE

- Increase motility(Swimming ability) of sperm in men
- It does not increase sperm count but it does increase the likelihood of conception

- Improves Total Sperm Count • Total Motile Sperm Count
- Testosterone Levels & Pregnancy Rates

*Support the Broken Bone with
Powerful & Safe Supplements*

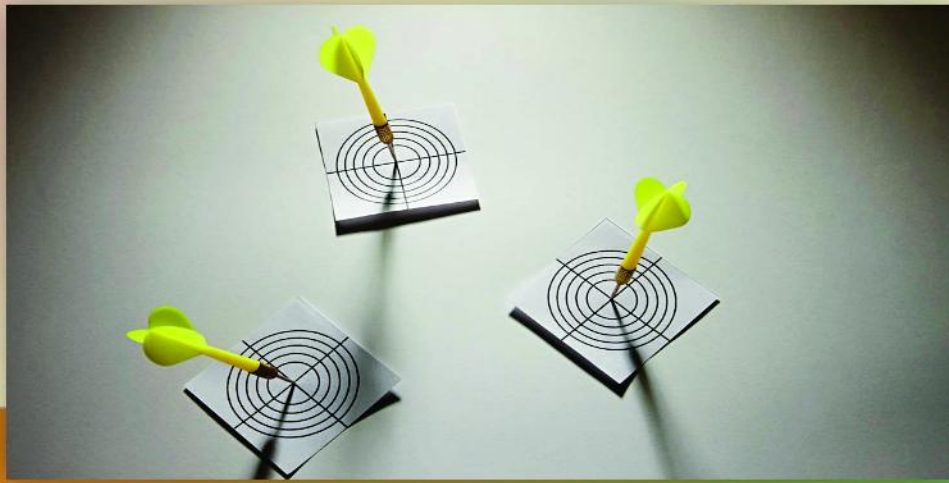

**Accelerates Fracture healing &
Increases bone Strength**

- Increases the proliferation rate of bone marrow mesenchymal stem cells
- Helps in the differentiation of marrow mesenchymal stem cells into osteoblasts (Osteoblastogenesis) & Extra Cellulate matrix calcification
- Enhances collagen synthesis in the fracture healing process
- Increases bone mineral density
- Supportive analgesic & Anti inflammatory properties

Useful in :

- **Bone Fracture • Weak Bones**
- **Delayed union of fractures • Osteomyetitis**
- **Post Menopausal Osteoporosis • Senile Osteoporosis**
- **Patients with low BMD**

*for fast & Safe
Recovery in Bone Fracture*

Triple Actions Ensures Better Response

FLUCINOL Cream

**Fluocinolone
Acetonide**

} A Potent synthetic corticosteroid with antiinflammatory, anti allergic & immune modifying properties

**Neomycin
Sulphate**

} A Broad Spectrum aminoglycoside antibiotic that is effective against most bacteria found in skin infections

**Miconazole
Nitrate**

} Anti-fungal, Anti-parasitic & Anti bacterial

FLUCINOL Cream/Lotion is absorbed through the skin in to inflammatory cells & Blocks the production of inflammatory chemicals. The combined action of FLUCINOL Cream/Lotion reduce discomfort of inflammation as well as relieving symptoms like swelling, redness, itching, scaling and cursting associated with inflammation of the skin

INDICATED IN :

*** ECZEMA * DERMATITIS * INTERTRIGO * PRURIGO * TINEA CORPORIS
* LICHEN PLANUS * PSORIASIS * VULVOVAGINAL CANDIDIASIS**

Also Available :

FLUCINOL Lotion
Flucinolone Acetonide I.P. 0.25 mg./ml.

Bring back joy in Life...

Flucol AS KIT

1 Tab. Fluconazole 150 mg. + 2 Tab. Secnidazole 1000 mg.+
1 Tab. Azithromycin 1000 mg. Combi Kit

Fluconazole : Effective antifungal action with least relapse rate

Azithromycin : Superior antibacterial with excellent cure rate

Secnidazole : Potent anti-protozoal with longer duration of action

Azithromycin : One hour Before lunch

Fluconazole : After Lunch

Secnidazole : At bedtime after dinner

"The Combination kit of azithromycin, secnidazole & fluconazole is effective, safe, better tolerated & is more convenient to take in all cases of PID

"Combination kits are effective with efficacy of 95-98%
The kit allows good compliance, complete treatment with 100% cure rate & low relapse rate for both partners"
