

## ■ Luxes Granular Finish

Luxes Granular Finish is a high quality water based acrylic texture coating consists of silica, acrylic copolymer, additives and fillers for the finishing of walls, ceiling and floors or any other imperfect surfaces. This can be applied on any type of cement base surfaces as well as steel, wood and aluminum.

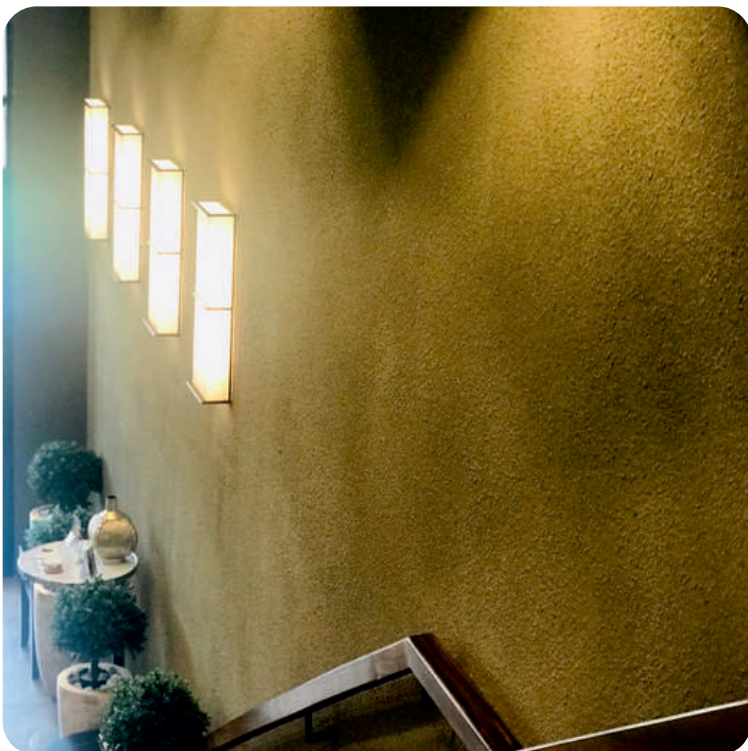

Granular finish is a decorative coating. It has been designed to personalize all types of surfaces with luxury finish, resistance to high temperature. It can be applied on both indoor and outdoor surfaces. Granular finish gives you a high quality texture finish while offering a wide range of texture finishes where you set the limit.
