ABOUT US

Appreciated, reputed, and recognized for manufacturing and supplying a wide range of the premium quality of fully automatic domestic flourmill, pulverizer, and food processing machineries, an ISO 9001:2015 certified Patel manufactures was set up in the year 1995 at Rajkot district of Gujarat. The product range offered by us is inclusive of domestic flourmill, pulverizers, and food processing machinery. By using cutting-edge machinery and superior grade materials, our engineers and support staff manufacture the offered machines in compliance with the industry and laid norms. Automatic & food processing industries are some of the sectors the offered electric motors find wide applications.

Due to our range production capacity, we have been able to manufacture the offered automatic machines in bulk quantities. For the ease of our valuable customers, the offered automatic machines are delivered within the assured time frame at their end. Total quality management at different stages of production ensures that the premium quality of the offered range is never compromised.

We were established as proprietor and are currently operated under the supervision of our Managing Director, Mr. Mansukh Korat. He has helped us in catering to a huge clientele across the nation, owing to their years of experience and profound knowledge of the industry.

DIRECTOR MESSAGE

It is said that a mile's journey starts with one single step.

Starting from a small manufacturing unit of 100 sq ft with scant machinery, today Jagruti Appliances caters to a broad spectrum of customers all across India. Spread over a manufacturing area of 15000 sq ft. We can say we have travelled quite far, but we still feel there are miles yet to travel and many dreams yet to be achieved.

The product range has multiplied manifold over a period of time. We are also gradually specializing in manufacturing custom-made products as per specific industry requirements and have thus become one of the major suppliers to OEM world-wide.

**"Quality is the best
business plan we execute"**

Mr. Mansukh Patel
Director & Founder,
Patel manufactures.

“

Our Mission

To provide good health and affordable kitchen appliances to every family with innovation, quality and services.

”

“
