 **LODHI MECHANICAL
INDUSTRIES**

Empowering Efficiency Through Cutting-Edge electrical components.

Established in 2004, Lodhi Mechanical Industries is a pioneering company in the field of electrical component manufacturing. Founded and led by industry stalwarts, we specialize in producing a wide range of high-quality products, including control panels, power quality solutions, AMF panels, MCB panels, and more.

With over three decades of industry experience, we have successfully served diverse sectors such as the automobile industry, real estate, government institutions, and manufacturing hubs. Our commitment to excellence and customer satisfaction has made us a trusted partner for businesses across various industries.

Our Products

Electrical Panels

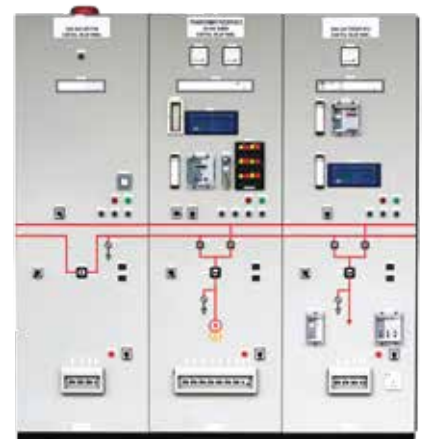

Control Panel

Experience seamless control with our precision-engineered Electrical Control Panels. Robust, corrosion-resistant, and easy to operate, these panels are designed for mechanical equipment in diverse settings.

Relay Panels

Our electrical relay panels offer precise monitoring, seamless operations and control for transformers, generators, and circuit breakers. Equipped with essential components such as relays, fuses, switches, and wiring, trust our reliable solutions to optimize your electrical systems.

Rising Main

Designed for efficient electrical distribution, our robust and technologically advanced Mains are built to withstand adverse weather conditions. Suitable for tall buildings, hotels, hospitals, and more, our experienced cable jointers ensure quick and safe installations.

Bus Duct

Crafted with precision using high-quality metal and advanced technology, these ducts undergo rigorous testing by our dedicated team. Experience the pinnacle of quality and reliability for seamless power distribution.

PCC

Designed for efficient power distribution in industrial applications, our panels offer durability, resistance, and optimal performance. Trust our PCC Panels for seamless control and enhanced operations in various industries.

MCC

Our tailored MCC Panels offer efficient and reliable performance for diverse industries. Experience seamless operation, fault protection, and enhanced productivity. Elevate motor performance with our advanced MCC Panels, the backbone of industrial control systems.

Our Products

Cable Tray

Perforated Cable Tray

The cable tray are available in varied size as per the requirements of clients also offered in vaires finishes such as-

Pre Galvanized

Power Coated

Painted

Hot Dip Galvanized

Sizes

Width 50mm to 120mm (With and without cover)

Thickness 1.2mm to 2.5mm

Standard Length 2500mm

Ladder Type Cable Tray

The ladder tray are available in varied size as per the requirements of clients also offered in vaires finishes such as-

Pre Galvanized

Power Coated

Painted

Hot Dip Galvanized

Sizes

Width 100mm to 1200mm

Depth 50mm to 150mm

Thickness 2mm to 3mm

Standard Length 2500mm

Our Products

Cable Tray

Raceway Cable Tray

A raceway is an enclosed conduit that forms a physical pathway for electrical wiring. Raceways protect wires and cable from heat humidity, corrosion, water intrusion and general physical threats. Lodhi Mechanical Industries offer metal raceway with cover in different sizes

Sizes

Width 50mm to 120mm (With and without cover)

Thickness 1.2mm to 2.5mm

Standard Length 2500mm

C- Channels

The ladder tray are available in varied size as per the requirements of clients also offered in various finishes such as-

Pre Galvanized

Power Coated

Painted

Hot Dip Galvanized

Sizes

Width 100mm to 1200mm

Depth 50mm to 150mm

Thickness 2mm to 3mm

Standard Length 2500mm
