ABOUT US

With more than 35 years of experience, we are a well-known name in the field of Pulveriser, Hammer mill, Plate flour mill and Instant wet grinder manufacturing with three manufacturing units.

At **Vikrem Pulverisers** we have products with wide range of capacity and sizes to meet the needs of each customer. We strive to deliver quality products for our customers by continuously evolving and developing newer technologies. We aim to use our immense experience, customer base and dealer network in the field of food processing to create new products for our customers to make their work hassle free and reduce their dependency on manpower.
