ABOUT US |

Welcome to Universal Polymer, a trusted name in the manufacturing of high-quality braided hose pipes. Established in 2022 under the esteemed parent company Deepax, which has been a pioneer in the industry since 2010, Universal Polymer embodies a legacy of excellence, innovation, and commitment to superior quality.

At Universal Polymer, we specialize in producing durable and efficient braided hose pipes that cater to a wide range of industrial and domestic applications. Our state-of-the-art manufacturing facility is equipped with advanced technology and operated by a team of experienced professionals dedicated to ensuring every product meets the highest standards of performance and reliability.

Join us on our journey as we strive to set new benchmarks in the polymer industry and build lasting relationships with our valued customers worldwide.

Deepax, our parent company, has built a strong reputation over the past decade for its unwavering focus on quality and customer satisfaction. Leveraging this rich heritage, Universal Polymer aims to push the boundaries of innovation in the polymer industry, delivering products that not only meet but exceed customer expectations.

Our mission is to provide our clients with top-notch braided hose pipes that offer unparalleled durability and efficiency. We are committed to continuous improvement, sustainability, and excellence in every aspect of our operations. As we move forward, Universal Polymer will continue to uphold the values of integrity, quality, and customer-centricity that Deepax has been known for since its inception.
