

Rawat Heavy-Duty 3 HP Commercial Chakki Atta Mill – High-Capacity Spice & Grain Grinding Pulverizer

About Product

The Rawat Heavy-Duty 3 HP Commercial Chakki Atta Mill is an industrial-strength, multi-functional grinding powerhouse designed to tackle the most demanding pulverizing jobs. Powered by a robust, high-torque 3 HP motor, this versatile machine effortlessly mills whole grains and tough spices into fine, uniform powders. From producing fresh, nutritious atta to grinding hard turmeric, coriander, and pulses, this heavy-

duty mill is the absolute ultimate choice for commercial flour mills (chakki shops), grocery stores, small food processing businesses, and catering units seeking maximum hourly output and rugged reliability.

Core Highlights

- Made In India
- High-torque 3 HP motor delivers intense pulverizing power to grind the toughest grains and hard spices with ease
- Smart, versatile engineering functions interchangeably as a high-capacity flour mill and a commercial spice grinder
- Heavy-duty structural frame construction offers immense stability and eliminates high-speed running vibrations
- Premium food-safe grinding assembly ensures absolute hygiene, food safety, and zero material contamination
- Exceptional output capacity designed to handle continuous daily commercial operations during peak hours
- User-friendly adjustment and sieve-changing mechanism allows quick customization for different regional flour textures

⚙️ Technical Specifications

- Brand: Rawat
- SKU: SKU-0167
- Product Type: Commercial Chakki Atta Mill & Spice Grinder
- Motor Power: 3 HP
- Voltage: 220 V
- Phase: Single Phase, 50 Hz
- Operation: Electric / Semi-Automatic

- Body Material: Heavy-Duty Industrial-Grade Steel Frame
- Grinding Type: Heavy-Duty Dry Grinding & Pulverizing
- Suitable For: Wheat (Atta), Maize, Rice, Besan, Turmeric, Chili, Coriander, and Pulses
- Country of Origin: India

Why Choose Rawat ?

- Drastically scales up business profits by processing massive volumes of flour and spices in a fraction of the time
- Preserves the rich aroma, natural color, and authentic flavor of spices and grains by optimizing operational thermal levels
- Highly optimized single-phase electrical engineering ensures maximum crushing throughput with low energy bills
- Rugged, industrial-grade mechanical components stand up to intense daily wear and tear with minimal maintenance
- Total operational confidence backed by Rawat's professional technical network and instant spare parts support
- Proudly Made in India, heavy-engineered to perfectly match the high workloads and rugged conditions of regional food processing industries
