- Premium copper winding motor ensures maximum operational durability, heat resistance, and efficiency
- Exceptionally versatile cleaning performance□perfect for cars, bikes, farm machinery, patios, and floors
- Ergonomic handle with a lightweight, compact design allows for effortless transit and warehouse storage
- Heavy-duty high-pressure hose and industrial-grade spray gun provide extended reach and total spray control

⚙️ Technical Specifications

- Brand: Rawat
- Product Type: High-Pressure Car Washer / Jet Cleaner
- Motor Power: 1800 Watts
- Motor Type: Heavy-Duty Induction Motor, Copper Winding
- Voltage: 220□240 V
- Phase: Single Phase, 50 Hz
- Safety Features: Auto-Stop System, Thermal Overload Protection
- Accessories Included: Pressure Gun, High-Pressure Hose Pipe, Water Inlet Filter

- Country of Origin: India

Why Choose Rawat ?

- Drastically reduces vehicle wash times while using up to 70% less water than traditional garden hoses
- Industrial-grade induction motor technology delivers continuous high pressure without heating up rapidly
- Multi-purpose utility expands usage from everyday car detailing to heavy industrial equipment cleaning
- Rugged outer housing shields core mechanical components from accidental water splashes and heavy field drops
- Complete operational peace of mind backed by Rawat's premium customer service and instant spare parts support
- Proudly Made in India, designed perfectly to meet the durability demands of rugged regional cleaning environments
