

## **Rawat Mild Steel Pulverizer – 8-Inch Commercial Dry**

### **About Product**

The Rawat 1 HP Mild Steel (MS) Pulverizer is a compact, highly efficient, and versatile grinding solution designed to handle both dry and wet processing needs. Featuring a precision-engineered 8-inch grinding chamber and driven by a robust 1 HP motor, it effortlessly pulverizes grains, spices, herbs, and wet items into fine, consistent mixtures.

It is the perfect entry-level choice for small grocery shops, home businesses, spice retailers, and self-help groups looking for reliable commercial grinding performance on a budget..

## **Core Highlights**

- Made In India
- Versatile dual grinding capability □ handles dry spices and grains as well as wet items flawlessly
- Equipped with a balanced 8-inch internal grinding chamber optimized for uniform fine crushing
- Driven by an energy-efficient 1 HP single-phase motor, minimizing daily electricity consumption
- Heavy-duty Mild Steel (MS) body construction ensures excellent stability and mechanical strength
- Compact and space-saving structure that integrates easily into small shops or home kitchens
- Simple operational design allows for quick adjustments, easy screen changes, and hassle-free cleaning
