

Rawat Premium 1 HP Domestic Stainless Steel Flour Mill – Automatic Ghar Ki Atta Chakki

About Product

The Rawat Domestic Stainless Steel Flour Mill (SKU-0073) is a smart, fully automatic home grinding solution designed to bring the health of 100% pure, freshly ground flour to your kitchen. Powered by an energy-efficient 1 HP high-torque motor, this elegant and compact machine effortlessly grinds whole grains and dry spices into fine, nutritious flour at the push of a button. Combining a premium, easy-to-clean stainless steel interior with advanced, user-friendly automation, it is the perfect choice for modern households looking to replace adulterated, packaged store-bought flours with authentic, unadulterated homemade atta.

Core Highlights

- Made In India
 - Fully automatic operational workflow □ just pour the grains into the hopper, and the machine handles the rest
 - Driven by a highly efficient, heavy-duty 1 HP single-phase motor optimized for household electrical lines
 - Premium food-grade Stainless Steel (SS) internal grinding chamber ensures absolute hygiene and rust-free performance
 - Versatile grinding capabilities □ perfectly grinds wheat, rice, maize, besan, multi-grains, and dry kitchen spices
 - Advanced safety features automatically stop the machine if the front door is opened or if the hopper runs empty
 - Sleek, compact modular design fits beautifully into modern home kitchens while operating with exceptionally low noise
-
