

Rawat Premium Automatic Domestic Flour Mill – 1 HP High-Efficiency Home Atta Chakki

About Product

The Rawat Automatic Domestic Flour Mill (Atta Chakki) is a smart, sleek, and highly efficient home appliance designed to deliver 100% fresh, pure, and nutritious flour right in your kitchen.

Powered by a robust 1 HP motor and featuring fully automated operations, it effortlessly grinds wheat, rice, maize, besan, and even hard spices like turmeric into fine powder without destroying critical nutrients.

It is the perfect choice for health-conscious families and modern households looking to break away from adulterated, packaged flours and embrace absolute kitchen purity.

Core Highlights

- Made In India
- Fully automatic operations just pour the grain into the hopper and the machine handles the rest
- Driven by a powerful, heavy-duty 1 HP electric motor designed for smooth and energy-efficient grinding
- Equipped with child-safety auto-lock features that instantly shut off the motor if the door is opened
- Advanced filter mechanism provides completely dust-free grinding, keeping your kitchen spotlessly clean
- Sleek, compact, and premium cabinet design equipped with castors for effortless household mobility
- Grinds a wide variety of grains and dry masalas, ensuring multi-purpose convenience every single day
